

GROUP 1, ITEM 1

MICRO-BREWERIES, -DISTILLERIES, -WINERIES AND BREWPUBS

AMENDMENT SUMMARY

- Issue:** The LDC does not currently differentiate between large-scale production of alcoholic beverages and small-scale craft production of these products. Current state statute establishes distinct licensing requirements for small- and large-scale alcoholic beverage producers; however, the LDC does not recognize this distinction and considers all alcoholic beverage production as a manufacturing use (Food and Kindred Products Manufacturing, Group II).
- Solution:** Amend the LDC to establish definitions and provisions regulating Micro-Breweries, -Distilleries, -Wineries and Brewpubs to allow these small-scale producers more broadly throughout the County, recognizing that these types of businesses typically operate an ancillary tap or tasting room that is akin to a bar and cocktail lounge as defined in the LDC.
- Outcome:** Aligns County regulations with state statute and makes the County more competitive with respect to allowing these types of businesses in recognition of current market trends.

DIVISION 26. PARKING

Sec. 34-2020. Required parking spaces.

Staff note: incorporate brewpubs, micro-breweries, -distilleries, and –wineries into parking regulations. Staff calculates tasting rooms and retail operations at the same rate as bar and cocktail lounge, while allowing for the

production of alcoholic beverages to be calculated as a processing and warehousing use, commonly used for general industrial uses.

All uses are required to provide off-street parking based on the single-use development requirement unless the use is located in a development that qualifies as a multiple-use development, in which case, the minimum required spaces for multiple-use developments may be used. Use of the multiple-use development minimum parking regulations is optional.

Parking for uses not specifically mentioned in this section must meet the minimum parking requirement for the use most similar to that being requested.

(a) *Remains unchanged.*

(b) *Non-residential uses.* Non-residential uses permitted under this chapter are subject to the following minimum requirements:
