5793 LITTLESTONE CT NORTH FORT MYERS 33903	<p>I am concerned about the remodeling above my condo unit. The new owner Walter Rowley does not live there (not homestead) and <u>has been having contractors install new hard wood flooring and</u> turned the enclosed lanai into a bedroom. The lanai is where the washer and dryer units are. He built a paneled wall in front of the appliances and has a small hinged "hatch" to remove the clothes from the dryer and a lift up access panel to add/remove clothes from the washer. Hanging on this new wall is a large screen TV. I worry about ventilation around the units as well as access the to electrical outlet and water shut off in case of a hose leak. Not sure the load on the outlet can even accommodate all the electrical gadgets.</p> <p>I do not believe he had any permits for the remodel and although he is a pool contractor (supposedly) he is not doing the work himself and the trucks had no CC# on them. I would like to have the condo inspected for safety reasons. Thank you.</p>
