7. BACKGROUND:

The Division of Solid Waste, submitted a request to Contracts Management to obtain bids for the WASTE TO ENERGY ASH HAULING SERVICES. The expected cost of the project required the use of the formal advertised sealed bid procedure.

On the bidding deadline of March 12, 2003, the Contracts Management received three (3) bids. Upon review of the bids it was discovered that the low bid received from Soil Tech Distributors Inc. stipulated a qualifying note on the Bid Proposal Form. Therefore, their bid is being declared as non-responsive. It is being recommended by the Division of Solid Waste that award be made to the lowest responsive/responsible bidder meeting all bidding requirements, Swiftline Trucking Inc., for a per ton cost of \$4.25 for ash hauling to the Lee/Hendry Landfill, with a contract period of two (2) years with an option to renew for two additional one year periods.

The Division of Solid Waste, is estimating spending approximately \$437,000.00 per year.
