FEDERAL SECTION 5311 PROGRAM

Program Requirements

This Agreement is in conformance with Section 5311 of the Federal Transit Act of 1991, as amended (49 U.S.C. app. § 5311) and Section 341.051(1)(a) Florida Statutes.

The Section 5311 subrecipient (the Agency) shall establish and implement anti-drug and alcohol misuse prevention programs in accordance with the terms of 49 CFR parts 40 and 655.

The Section 5311 subrecipient (the Agency) shall ensure adherence with all federally required certifications and assurances made in its application to the Department for Section 5311 funds.

The Section 5311 subrecipient (the Agency) shall require the independent auditor, retained to perform the audit as required by the Single Audit Act of 1984, to specifically test and certify that services funded by the program were provided in nonurbanized areas, that there was no restriction on public use, and that the State and Federal share of eligible costs did not exceed amounts specified in the approved project budget (EXHIBIT B).

Formula Information

This program is authorized under 49 U.S.C. subsection 5311 and USDOT, Federal Transit Administration Circular FTA C 9040.1E, *Nonurbanized Area Formula Program Guidance and Grant Application Instructions*, dated October 1, 1998, as amended. Said circular, Chapter II, Section 3, outlines the formula for federal apportionments under this program. Section 5311 funds are apportioned to the states by a statutory formula based on the ratio of nonurbanized population of each state to the nonurbanized population of all the states, according to the latest available U.S. census data.

The Department's Central Transit Office, and District offices, further sub-allocate the state's federal apportionment of Section 5311 funds to eligible sub-recipients using the same nonurbanized population formula as the Federal Transit Administration, which is outlined in FDOT Procedure No. 725-030-004, Section 5311 Program.
