7. BACKGROUND:

In June 2, 1998, Lee County entered into a ten year contract with the Florida Department of Environmental Protection to perform pollutant storage tank inspections in Lee County. Task No. 7 relates to the inspection, regulation and enforcement activities associated with 1,310 regulated storage tanks in accordance with FDEP policies in the amount of \$244,157.80.

Revenues received from the State under this agreement pay for the expenses of the program. Task No. 7 must be approved, signed and returned to the Florida Department of Environmental Protection no later than June 30, 2002. Once approved by the Board of County Commissioners, the Task Assignment Notification Form for Lee County will be signed by the Lee County Contract Manager.

Expenses and revenues are tracked through the OC5371313807 program (FDEP Pollutant Storage Tank Program).

Attachments: Copy of Task Assignment Notification Form for Lee County with Exhibits 1 and 2.

GUIDELINES FOR PREPARING YEAR END FINANCIAL STATEMENT

The following guidelines were developed to serve as a convenient reference to those responsible for preparing the Annual Fiscal Year End Financial Report as required by paragraph 7. D of Clean-up contracts.

Before completed financial reports are submitted, each line item on the current and previous reports should be compared for consistency and reviewed for accuracy. If a previous report had an incorrect entry(ies), an amended financial report must also be submitted.

SECTION I

Enter the date the financial report was prepared, and the period covered by the report. If the period covered is not a full year, cross out the inappropriate months and enter the correct dates. This would usually only apply to the first year of the contract if the signing had not occurred on or before July 1. If the contract were ended prior to its maturity, it may be necessary to cross out the ending month of June 30.

Enter the contract number and the task assignment number.

SECTION II

Section II includes all income from the Department of Environmental Protection (DEP) for the contract's task as noted in Section I.

Line 1. The amount entered on this line should be equal to the carry forward balance (Section IV Line 14) from the previous financial report. If it does not, provide an explanation unless the prior balance was a negative number, in which case no explanation is necessary. If the report is for the first task assignment of a new contract, the amount would usually be zero (0). If there is a carry forward from a previous **contract**, enter that amount and provide an explanation. The explanation should include any agreement for the carry forward, together with a plan for the use of the carry forward funds. Any plan should include expected execution dates. Do not enter a negative balance on this line. If the previous report balance is negative or zero, enter a zero (0).

Line 2. Enter the amount of funds invoiced and paid by DEP for the task identified in Section I.

Line 3. Enter the amount of funds invoiced but not yet paid by DEP for the task identified in Section I.

Line 4. Total lines 2 and 3. The amount on this line should equal the amount of the task assignment. If it does not, provide an explanation.

Line 5. Total lines 1 and 4.

SECTION V

Printed name and signature of the person responsible for the submission of the financial report.
