BACKGROUND CONTINUED FROM PAGE ONE

In reviewing the money spent on equipment rental of all types throughout the County, the Division of Purchasing discovered that expenditures for equipment rental were exceeding the \$50,000.00 level.

County departments and divisions rent a wide spectrum of items ranging from tents to bulldozers. Research showed that no one vendor could provide all of the items required by the County. Therefore, it was decided to proceed with a formal quote with award to a pool of vendors. The goal of the pool concept was to include as many vendors as possible and give County departments and divisions maximum flexibility and a wide range of choices for their equipment rental needs.

Sealed quotations were received by the Division of Purchasing on April 1, 2003. On that date, sixteen (16) responses were received of which four (4) were "No Bids". The quotations have been thoroughly reviewed, and a recommendation is being made to award the quote to the following pool of vendors: Briggs Equipment, Creel Tractor Co., Nortrax Equipment Co., Sunbelt Rentals, Rental City, GE Energy Rentals, Inc., Caloosa Tent Rental, All Star Equipment Rentals & Sales, Inc., Florida Detroit Diesel – Allison, Inc., L.B. Smith, Inc.*, Neff Rental and Taylor Rental.

Funding will be made available by individual departments and divisions account strings on an as needed basis.

9.2.2 Addenda shall be approved and signed by the Purchasing Director or designee. The appropriate personnel shall insure that all prospective quoters who have received the quote/proposal package are so notified of the addenda by certified mail, electronic transmission (i.e. fax, e-mail). The addenda shall clearly point out any additions, deletions or changes to the specifications and conditions.

9.3 Local Vendor Preference

9.3.1 The Board of County Commissioners may give a preference in an amount not to exceed 3% of the bid price to local persons, firms, or corporations, according to Lee County Ordinance 00-10.

9.4 Outside Purchases Over \$25,000.00

9.4.1 These formal projects will be authorized as follows:

- \$25,000.00 Department/Division Director
- \$25,000.01 - \$50,000.00 County Manager
- \$50,000.01 + Board of County Commissioners

9.4.2 **NOTE:** The authorization level required is based on the cost of the original period of award. The cost of exercising renewal options is not considered as part of the original awarded cost since they are options not guarantees. For example: a two year lease at \$30,000.00 per year requires a \$60,000.00 authorization; a one year lease with a one year renewal option at \$30,000.00 per year requires a \$30,000.00 authorization.

9.4.3 Formal projects may be processed by utilizing one of the following procedures:

- Quote
- Proposal
- Waiver
- Piggyback
- Emergency
- Exemption
- Cooperative
- Negotiation

10. **LEE COUNTY BID PROTEST PROCEDURE**

Any contractor/vendor/firm that has submitted a formal bid/quote/proposal to Lee County, and who is adversely affected by an intended decision with respect to the award of the formal bid/quote/proposal, shall file with the County's Purchasing Director or Public Works Director a written "Notice of Intent to File a Protest" not later than seventy-two (72) hours (excluding Saturdays, Sundays and Legal Holidays) after receipt of a "Notice of Intended Decision" from the County with respect to the proposed award of the formal bid/quote/proposal.

The "Notice of Intent to File a Protest" is one of two documents necessary to perfect Protest. The second document is the "Formal Written Protest", both documents are described below.

The "Notice of Intent to File a Protest" document shall state all grounds claimed for the Protest, and clearly indicate it as the "Notice of Intent to File a Protest". Failure to clearly indicate the Intent to file the Protest shall constitute a waiver of all rights to seek any further remedies provided for under this Protest Procedure.

The "Notice of Intent to File a Protest" shall be received ("stamped in") by the Purchasing Director or Public Works Director not later than Four o'clock (4:00) PM on the third working day following the day of receipt of the County's Notice of Intended Decision.

The affected party shall then file its Formal Written Protest within ten (10) calendar days after the time for the filing of the Notice of Intent to File a Protest has expired. Except as provided for in the paragraph below, upon filing of the Formal Written Protest, the contractor/vendor/firm shall post a bond, payable to the Lee County Board of County Commissioners in an amount equal to five percent (5%) of the total bid/quote/proposal, or Ten Thousand Dollars (\$10,000.00), whichever is less. Said bond shall be designated and held for payment of any costs that may be levied against the protesting contractor/vendor/firm by the Board of County Commissioners, as the result of a frivolous Protest.

A clean, Irrevocable Letter of Credit or other form of approved security, payable to the County, may be accepted. Failure to submit a bond, letter of credit, or other approved security simultaneously with the Formal Written Protest shall invalidate the protest, at which time the County may continue its procurement process as if the original "Notice of Intent to File a Protest" had never been filed.

Any contractor/vendor/firm submitting the County's standard bond form (CSD: 514), along with the bid/quote/proposal, shall not be required to submit an additional bond with the filing of the Formal Written Protest.

The Formal Written Protest shall contain the following:

- County bid/quote/proposal identification number and title.
- Name and address of the affected party, and the title or position of the person submitting the Protest.
- A statement of disputed issues of material fact. If there are no disputed material facts, the Formal Protest must so indicate.
- A concise statement of the facts alleged, and of the rules, regulations, statutes, or constitutional provisions, which entitle the affected party to relief.
- All information, documents, other materials, calculations, and any statutory or case law authority in support of the grounds for the Protest.
- A statement indicating the relief sought by the affected (protesting) party.
- Any other relevant information that the affected party deems to be material to Protest.

Upon receipt of a timely filed "Notice of Intent to File a Protest", the Purchasing Director or Public Works Director (as appropriate) may abate the award of the formal bid/quote/proposal as appropriate, until the Protest is heard pursuant to the informal hearing process as further outlined below, except and unless the County Manager shall find and set forth in writing, particular facts and circumstances that would require an immediate award of the formal bid/quote/proposal for the purpose of avoiding a danger to the public health, safety, or welfare. Upon such written finding by the County Manager, the County Manager may authorize an expedited Protest hearing procedure. The expedited Protest hearing shall be held within ninety-six (96) hours of the action giving rise to the contractor/vendor/firm's Protest, or as soon as may be practicable for all parties. The "Notice of Intent to File a Protest" shall serve as the grounds for the affected party's presentation and the requirements for the submittal of a formal, written Protest under these procedures, to include the requirement for a bond, shall not apply.

The Dispute Committee shall conduct an informal hearing with the protesting contractor/vendor/firm to attempt to resolve the Protest, within seven working days (excluding Saturdays, Sundays and legal holidays) from receipt of the Formal Written Protest. The Chairman of the Dispute Committee shall ensure that all affected parties may make presentations and rebuttals, subject to reasonable time limitations, as appropriate. The purpose of the informal hearing by the Dispute Committee, the protestor and other affected parties is to provide and opportunity: (1) to review the basis of the Protest; (2) to

evaluate the facts and merits of the Protest: and (3) to make a determination whether to accept or reject the Protest.

Once a determination is made by the Dispute Committee with respect to the merits of the Protest, the Dispute Committee shall forward to the Board of County Commissioners its recommendations, which shall include relevant background information related to the procurement.

Upon receiving the recommendation from the Dispute Committee, the Board of County Commissioners shall conduct a hearing on the matter at a regularly scheduled meeting. Following presentations by the affected parties, the Board shall render its decision on the merits of the Protest.

If the Board's decision upholds the recommendation by the Dispute Committee regarding the award, and further finds that the Protest was either frivolous and/or lacked merit, the Board, at its discretion, may assess costs, charges, or damages associated with any delay of the award, or any costs incurred with regard to the protest. These costs, charges or damages may be deducted from the security (bond or letter of credit) provided by the contractor/vendor/firm. Any costs, charges or damages assessed by the Board in excess of the security shall be paid by the protesting contractor/vendor/firm within thirty (30) calendar days of the Board's final determination concerning the award.

All formal bid/quote/proposal solicitations shall set forth the following statement:

The intent of this quote is to establish a contract for the rental of power and non-power equipment for various Lee County departments and divisions.

TERM OF QUOTE

This quote shall be in effect for one year, or until new quotes are taken and awarded. This quote, or any portion thereof, has the option of being renewed for four additional one year periods, upon mutual agreement of all parties, under the same terms and conditions.

LOCAL BIDDER'S PREFERENCE

Note: In order for your firm to be considered for the local vendor preference, you must complete and return the attached "Local Vendor Preference Questionnaire" with your quotation.

The Lee County Local Bidder's Preference Ordinance No. 00-10 is being included as part of the award process for this project. As such, Lee County at its sole discretion, may choose to award a preference to any qualified "Local Contractor/Vendor" in an amount not to exceed 3 % of the total amount quoted by that firm.

"Local Contractor / Vendor" shall mean: a) any person, firm, partnership, company or corporation whose principal place of business in the sole opinion of the County, is located within the boundaries of Lee County, Florida; or b) any person, firm, partnership, company or corporation that has provided goods or services to Lee County on a regular basis for the preceding consecutive five (5) years, and that has the personnel, equipment and materials located within the boundaries of Lee County sufficient to constitute a present ability to perform the service or provide the goods.

The County reserves the exclusive right to compare, contrast and otherwise evaluate the qualifications, character, responsibility and fitness of all persons, firms, partnerships, companies or corporations submitting formal bids or formal quotes in any procurement for goods or services when making an award in the best interests of the County.

QUALIFICATIONS

The awarded vendor(s) shall have up-to-date, professional quality equipment.

Equipment rented to Lee County shall not be in excess of three (3) years old or have excessive hours of use.

BASIS OF AWARD/QUOTED RATES

All vendors meeting the requirements of these specifications will receive an award. It is the County's intent to award to a pool of vendors; this will allow individual departments and divisions to use the vendor that has the needed equipment within the closest proximity to their location.

Vendors shall submit a price book or may submit the book on cd-rom at the same time as their quote. This book shall include daily, weekly, and monthly rates for all equipment. Delivery of the equipment may or may not be required; therefore, the price book should include a column/category covering delivery charges either by piece of equipment or by the mile – whichever is appropriate.

NOTE: If your rates will vary throughout the calendar year – i.e., seasonal rates – this should be addressed via a separate column or price schedule in your price book.

NOTE: If your rates will change in the event of a disaster – i.e., hurricane – this should be addressed via a separate column or price schedule in your price book.

All rates quoted shall be all-inclusive of any fuel taxes, battery disposal fees, etc.

All rates shall be quoted based on an 8 hour work shift. For the purposes of this quote, a day shall consist of 8 hours, a week shall consist of 5 work days (40 hours), and a month shall consist of 20 work days (160 hours).

One day rentals will be returned 24 hours after pick up.

The quoted rates shall include all miscellaneous (i.e., "Environmental Charge") charges.

NOTE: Lee County is covered by a blanket insurance policy; therefore, "collision", "physical", "LDW", etc. insurance coverages supplied by the vendor will not be necessary and should not be factored into your quoted rates. Proof of the County's insurance coverage will be supplied when requested on a case-by-case basis.

NOTE: All rates quoted shall be for equipment only, operators are not required. All equipment rented by the County shall be in good operating condition and ready to function; including a full tank of fuel. Units will be returned with a full fuel tank.

Lee County will not be responsible for cleaning the equipment before it is returned to the vendor.

The price book shall include overtime rates which shall be calculated as follows:

Daily rentals: The rate for overtime shall be one-eighth of the daily rate for each hour in excess of eight, or weekly.

Weekly rentals: The rate for overtime shall be 1/40 of the weekly rate for each hour in excess of 40; or monthly.

Monthly rentals: The rate for overtime shall be 1/160 of the monthly rate for each hour in excess of 160 hours.

The price book shall state the number of "free" miles included under the quoted rental charge; and your charge per mile for each piece of equipment as applicable.

The quoted rates shall include all standard accessories necessary to make the equipment operable.

Lee County will purchase all needed consumables, i.e., drill bits, blades, etc. The price book shall include a list of the costs of consumables for the equipment listed.

PRICE BOOKS

The awarded vendors will be required to submit as many price books as the County requests (for Finance to verify pricing, various departments, etc.).

PRICE INCREASES

The prices listed in the submitted price book shall be good for a period of one (1) year. On each anniversary date of this quote, vendors will be allowed to submit a new price book with revised prices if they so desire. This opportunity will be given once a year.

SAFETY

All equipment rented to Lee County shall be maintained in safe operating condition at all times, free from defects or wear which may in any way constitute a hazard to any person or persons on County property. All electrical equipment will be properly grounded.

As applicable, the equipment shall meet all commercial and OSHA safety standards, and include the following safety features:

- a. Protection from pinch and crush points;
- b. Labeling of all controls;
- c. Non-skid surface(s) for operator areas;
- d. Protective guards over all moving parts;
- e. Handles and guards where necessary;

- f. Alarms;
- g. Seatbelts.

Warning and instruction labels shall be conspicuously placed and easily readable (i.e., not covered with dirt or grease) on all equipment where applicable.

TRAINING

Upon request by Lee County personnel, the awarded vendor shall provide fundamental training in the basic and safe operation of the rented equipment. There shall be no extra charge for this training.

SERVICING OF EQUIPMENT

All servicing of equipment, during and at the end of the rental period, shall be the vendor's responsibility.

In the space provided on Attachment A, please state the number of service trucks and field shop personnel you have which are dedicated solely to the Lee County area.

PREVENTATIVE MAINTENANCE

Lee County will be responsible for performing, and purchasing the necessary supplies for, the following preventative maintenance items:

- a. Fuel for the equipment;
- b. Vital fluid level checks (i.e., oil) on a timetable as specified by the renting agency;
- c. General lubrication (i.e., greasing) on a timetable as specified by the renting agency.

It shall be the awarded vendor's responsibility to inform appropriate County personnel of the preventative maintenance required for each piece of equipment when the County takes possession of the unit(s).

If requested, the vendor shall provide County personnel with a walk-through of preventative maintenance procedures. Further, all instructional labels covering these procedures affixed to the equipment shall be clean (i.e., not covered with dirt or grease) and easily readable.

NORMAL WEAR AND TEAR

For the purposes of this quote, "normal wear and tear" shall be defined as that which would be expected to result from the use of the equipment under normal circumstances, provided the equipment is properly maintained and serviced.

Lee County will not pay for normal wear and tear on any rented equipment (i.e., normal wear on track equipment)

EQUIPMENT REPAIRS

Lee County will be responsible for repairs to rented equipment only when repairs are necessary due to either obvious abuse or physical accident (where the County is found at fault).

NOTE: Any charges (i.e., for repairs) in addition to the normal rental rate shall be documented and submitted to Lee County within five (5) working days following the return of the equipment.

EQUIPMENT PICK UP AND RETURN

Unless otherwise requested, Lee County departments and divisions will pick up and return all rented equipment.

EQUIPMENT FAILURE

In the event a piece of rented equipment fails at the job site, it shall be the vendor's responsibility to, at his expense, either perform on-site repairs or deliver to the site an equal replacement and remove the failed unit.

The length of the equipment downtime shall be deducted from the total rental charge for the unit. Downtime shall be measured in hours, and fractions thereof. For the purposes of this quote, downtime shall begin when the County notifies the vendor of a problem with the equipment, and end when repairs are successfully completed or a replacement unit is in place at the job site.

Should the awarded vendor be unable to either repair or replace the failed equipment within two (2) hours after notification, Lee County reserves the right to rent the equipment elsewhere.

SUMMARY REPORTS

Upon completion of each six month period of the quote, the awarded vendor shall be responsible for furnishing a summary report to Purchasing. This report shall include the previous six months history showing, at a minimum, the following information:

- 1) Total number of times each type of equipment was rented by Department;

- 2) Total dollars spent on rental of each type of equipment by Department;
- 3) Total dollar value of rentals by Department.

DESIGNATED CONTACT

The awarded vendor shall appoint a person or persons to act as a primary contact with Lee County. This person or backup shall be readily available during normal work hours by phone or in person, and shall be knowledgeable of the terms and procedures involved.

RENTAL AGREEMENTS

For the purposes of this quote, the purchase order shall serve as the only contract/rental agreement for the rental of any and all equipment. (All terms and conditions as stated in these specifications shall also apply.)

ESTIMATED DOLLAR VOLUME

The estimated expenditure for equipment rental in the next 12 months is approximately \$100,000, however, no guarantees are expressed or implied.

MAJOR BREAKDOWNS/NATURAL DISASTERS

Lee County requires that the awarded vendor(s) provide the name of a contact person and phone number which will afford Lee County access twenty-four hours per day, 365 days per year, to provide rental equipment in the event of major breakdowns or natural disasters.

It is expected that Lee County will be given first preference to obtain rental equipment in the event of a natural disaster.

FROM: Renzo Cafferata

DATE: 04-08-03

REFERENCE: Quote NO.: Q-030239 - Estimated Freight Charges

Dear Kathy: Enclosed is our pricing for freight, please note that amounts are one way, so double them for total charge.

Tow/Transport small units	\$ 250.00
Each add unit per truck	\$ 75.00
Fifth wheel units	\$ 300.00
Land-all Trailer	\$ 350.00

We have been using a commercial towing company for many years, with great success. They are extremely timely and courteous. Also, we normally ship multiple small units as needed in a single truck, therefore lowering the final freight bill.

If you have any questions or comments, please call me at the numbers listed above.

Sincerely,

RE: FORMAL QUOTE # Q-030239 "RENTAL EQUIPMENT".

Kathy Ciccarelli;

L.B. Smith, Inc. will not submit a bid for rental equipment that is based on your terms and conditions outlined in the request for a quote by Lee County Purchasing Department as we find that they are not practical for rental of heavy construction equipment; however, we are submitting an alternate bid for your perusal. The alternate bid enclosed includes our current rental rates and a copy of our rental agreement that outlines L.B. Smith's "Terms and Conditions" of rental.

At any point in time, Lee County Purchasing Department may request a current specification sheet on any rental equipment offered by L.B. Smith, Inc., as our manufacturers are always updating the equipment and literature. Note that all rental equipment is subject to availability at the time of request and we do not offer any daily or weekly rentals.

Please give us a call if you should have any questions at (239) 481-8554. We hope that we may be able to serve Lee County's rental equipment needs!
