The Board of County Commissioners

RESOLUTION

- Whereas: Florida's greatest resource and most cherished treasures are indeed out youth, who truly have so much to offer...included in this population are those children with special needs who suffer from childhood cancer and blood related disease; and
- Whereas: While the research and treatment of today has extended the lives and made a positive impact upon the life experiences of many of these children, and while the number of long-term survivors is steadily increasing, it is essential that we work together as a people and as a State to ensure that this trend continues on the upscale; and
- Whereas: Dedicated organizations like the Suncoast Chapter of the Leukemia and Lymphoma Society remain deeply committed to expanding the resources and education available to families whose children have cancer or blood related disease; and
- Whereas: Florida, proud home to some of the finest medical institutions in the world whose professional staff are presently at the forefront in cancer research and other advances, it pleased to join in recognizing and applauding the valuable role which families of childhood cancer and blood disorder patients play in helping our medical community to reach great heights in the name of caring.

NOW, THEREFORE BE IT RESOLVED BY THE Board of County Commissioners of Lee County, Florida that we do hereby proclaim September 2003 as:

**CHILDHOOD CANCER AND BLOOD
DISORDER AWARENESS MONTH**

throughout Lee County and do commend this observance to all our citizens.

Duly Executed this 19th day of August 2003.

BOARD OF COUNTY COMMISSIONERS
LEE COUNTY, FLORIDA

Chairman
