25"D Worksurfaces

Series 9000

What's Special?

Width dimensions are special.

Notes

Cantilever center support must be ordered separately for all panel-mounted worksurfaces that are 75"W or wider. Specify style number 98795.

When ordering from this quote, specify the exact width of the worksurface. Deduct the thickness on any end supports you intend to use. The factory will make no allowance for support dimensions.

Number of pedestals that can be supported varies with worksurface width:

| | |
|--|------------------------------|
| 23 ⁷ / ₈ "W to 30"W | one pedestal only |
| 30 ¹ / ₈ "W to 56 ⁷ / ₈ "W | one pedestal per side |
| 57 ⁵ / ₈ "W to 82 ⁵ / ₈ "W | up to two pedestals per side |
| 82 ³ / ₄ "W to 87 ³ / ₄ "W | up to three peds per side |

Contract:

Final DELIVERY SCHEDULES are dependent on availability of vended materials, relative tooling lead times, delays for possible product testing, and/or development of a complex special product. In such cases, NO COMMITMENT relative to delivery of such products can be made until all of the design is complete and availability of vended materials are identified.

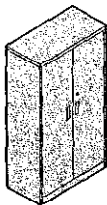

First order may require development of a prototype so the product design/function can be verified. If the product fails testing, Steelcase reserves the right to withdraw or revise this quote (including Price), Building code, Electrical and/or Stability restrictions may preclude Steelcase from pursuing the manufacturing of your special

product solution.

Upon completion of the development of the product design, your Sales Services Representative will coordinate an appropriate schedule based on manufacturing and vendor capabilities. CHANGES in features, sizes, quantities, finishes or other changes, may result in DELIVERY and/or PRICE CHANGES to the order.

Series 9000

30"D Worksurfaces

Line Item 20

What's Special?

Width dimensions are special.

Notes

Cantilever center support must be ordered separately for all panel-mounted worksurfaces that are 75"W or wider. Specify style number 98795.

When ordering from this quote, specify the exact width of the work surface. Deduct the thickness on any end supports you intend to use. The factory will make no allowance for support dimensions.

Worksurfaces wider than 87³/₄" require a 15"D full-to-the-floor center support when used as a unit assembly. It supports the work surface at 29³/₄"H only. Specify standard part number 1802746SR separately. Price is \$161 U.S. (\$222 Canada Zone 1, \$225 Canada Zone 2).

Number of pedestals that can be supported varies with work surface width:

| | |
|--|------------------------------|
| 23 ⁷ / ₈ "W to 30"W | one pedestal only |
| 30 ¹ / ₈ "W to 56 ⁷ / ₈ "W | one pedestal per side |
| 57 ⁷ / ₈ "W to 82 ⁷ / ₈ "W | up to two pedestals per side |
| 82 ³ / ₄ "W to 87 ³ / ₄ "W | up to three peds per side |

27⁵/₈"W double-door cabinet position can be specified. Must be ordered separately.

Two double-door cabinets can be used to create a full-storage unit with a 55¹/₄"W work surface.

Cord catcher option is available centered on width of 45"W through 87³/₄"W worksurfaces. Contact sales engineering for other positions and work surface dimensions.
