RESOLUTION

- Whereas: Surveyors are counted among the founding leaders of our country and were instrumental in the formation of the layout of property boundaries in the United States which have provided our citizens the enjoyment of property ownership; and
- Whereas: George Washington and Thomas Jefferson, both were former Presidents of the United States, served their fellow colonists as surveyors; and
- Whereas: The citizens of Lee County recognize the valuable contributions of the surveying profession to history, development, and quality of life in Florida and the United States of America and make important decisions based on the knowledge and expertise of licensed surveyors and mappers; and
- Whereas: The surveying profession requires special education, training, the knowledge of mathematics, the related physical and applied sciences, and requirements of law for evidence; and
- Whereas: Surveyors are uniquely qualified and licensed to determine and describe land and water boundaries for the management of natural resources and protection of private and public property rights; and
- Whereas: The continual advancements in instrumentation have required the surveyor not only to be able to understand and implement the methods of the past, but also to learn and employ modern technology in finding solutions to meet the challenges of the future.
