7. BACKGROUND:

The Solid Waste Division submitted a request to Contracts Management to obtain bids for Waste Tire Processing Services as the existing contract expires in April of 2004. The expected cost of processing required the use of the formal advertised sealed bid procedure.

On the bidding deadline of February 24, 2004 one (1) bid was received. The sole bidder was Modern Recycling of Florida, Inc. This bid was determined to be non-responsive by Contracts Management for the following reason:

- Bid Schedule was modified by the addition of price qualification statements.

Staff recommends that the Solid Waste Division be authorized to enter into contract negotiations with the sole bidder, Modern Recycling of Florida, Inc. The County has maintained contracts with Modern Recycling for this service during the past 8 or 9 years and the contractor has performed well. Upon successful negotiation, the County's Service Provider Agreement will be returned to the Chairman for signature and execution.
