7. BACKGROUND:

In December of 1998 the Solid Waste Division began actively pursuing 16,341 delinquent accounts with a total of \$8,178,456.21 in Solid Waste assessments. These accounts had been previously administered by the Tax Collector. To date \$5,459,462.19 has been collected by Solid Waste staff totaling 14,602 paid accounts. Collection of these revenues supports the Solid Waste Division's and the Board's goal to stabilize future assessments. Additionally, it shows financial responsibility and meets bond covenants for collection of pledged revenues.

The Solid Waste Division will continue to recover delinquent assessments in excess of \$60.00 per guidelines established by Florida Statutes, County Ordinance 95-19 (as amended), and Administrative Code AC10-1. It is appropriate at this time to remove these small value minor account balances for more cost efficient staff operations.

No funds are required.

Attachment: List of delinquent accounts proposed for deletion.
