- DATE: 9/28/04

7. BACKGROUND:

On July 1, 2003, the Lee County Board of Commissioners approved Resolution 03-07-08, Bluesheet No. 20030669, declaring a limited, temporary, emergency due to the acquisition of the Gulf Utilities System (GES) in South Fort Myers for the purposes of allowing the County to expedite the procurement of vendors and materials needed for certain immediate improvements needed to the water and wastewater system in the public's interest and the customers' convenience.

On May 11, 2004, the Lee County Board of Commissioners approved the amendment of Lee County Resolution No. 03-07-08, Blue Sheet No. 20040441, adding certain additional Lee County Utilities projects and extending the term of the Resolution to December 31, 2004.

Therefore, Lee County Utilities proceeded with the award of the San Carlos WWTP Pump Station Rehabilitation project to the lowest bidder, J.P. Murphy, Inc., in the amount of \$53,000.00.

This pump station was acquired through the GES acquisition and was in critical condition. Therefore, it was a threat to the health and safety of Lee County Citizens and this work needed to be performed immediately.

Funds were available in Account No. 20727648736.506310.

Attachments: Purchase Order 52501 and three quotes.
