I would like to follow up on the advertising bench drawing that we sent last week. Unfortunately, we were not able to supply this and a drawing of the trash receptacle earlier.

We would like to withdraw our bid to Lee Tran for these items. We have been given more than enough time to supply all drawings and other information related to this solicitation and do not want to prolong the process for you at Lee Tran. The truth is that we do manufacture these items on a very limited scale; and the feeling was that we were ready to bid a larger project. As we all now know, we were not ready to bid a larger job. We apologize for the inconvenience and delay this has caused and hope that we can remain on the bid list for future opportunities.

Sincerely,

Kevin
