Lee County will pay those taxes for which it is obligated, or it will provide a Certificate of Exemption furnished by the Department of Revenue. All contractors or quoters should include in their quote all sales or use taxes, which they will pay when making purchases of material or subcontractor's services.

10. **LEE COUNTY BID PROTEST PROCEDURE**

Any contractor/vendor/firm that has submitted a formal bid/quote/proposal to Lee County, and who is adversely affected by an intended decision with respect to the award of the formal bid/quote/proposal, shall file with the County's Purchasing Director or Public Works Director a written "Notice of Intent to File a Protest" not later than seventy-two (72) hours (excluding Saturdays, Sundays and Legal Holidays) after receipt of a "Notice of Intended Decision" from the County with respect to the proposed award of the formal bid/quote/proposal.

The "Notice of Intent to File a Protest" is one of two documents necessary to perfect Protest. The second document is the "Formal Written Protest", both documents are described below.

The "Notice of Intent to File a Protest" document shall state all grounds claimed for the Protest, and clearly indicate it as the "Notice of Intent to File a Protest". Failure to clearly indicate the Intent to file the Protest shall constitute a waiver of all rights to seek any further remedies provided for under this Protest Procedure.

The "Notice of Intent to File a Protest" shall be received ("stamped in") by the Purchasing Director or Public Works Director not later than Four o'clock (4:00) PM on the third working day following the day of receipt of the County's Notice of Intended Decision.

The affected party shall then file its Formal Written Protest within ten (10) calendar days after the time for the filing of the Notice of Intent to File a Protest has expired. Except as provided for in the paragraph below, upon filing of the Formal Written Protest, the contractor/vendor/firm shall post a bond, payable to the Lee County Board of County Commissioners in an amount equal to five percent (5%) of the total bid/quote/proposal, or Ten Thousand Dollars (\$10,000.00), whichever is

less. Said bond shall be designated and held for payment of any costs that may be levied against the protesting contractor/vendor/firm by the Board of County Commissioners, as the result of a frivolous Protest.

A clean, Irrevocable Letter of Credit or other form of approved security, payable to the County, may be accepted. Failure to submit a bond, letter of credit, or other approved security simultaneously with the Formal Written Protest shall invalidate the protest, at which time the County may continue its procurement process as if the original "Notice of Intent to File a Protest" had never been filed.

Any contractor/vendor/firm submitting the County's standard bond form (CSD: 514), along with the bid/quote/proposal, shall not be required to submit an additional bond with the filing of the Formal Written Protest.

The Formal Written Protest shall contain the following:

- County bid/quote/proposal identification number and title.
- Name and address of the affected party, and the title or position of the person submitting the Protest.
- A statement of disputed issues of material fact. If there are no disputed material facts, the Formal Protest must so indicate.
- A concise statement of the facts alleged, and of the rules, regulations, statues, or constitutional provisions, which entitle the affected party to relief.
- All information, documents, other materials, calculations, and any statutory or case law authority in support of the grounds for the Protest.
- A statement indicating the relief sought by the affected (protesting) party.
- Any other relevant information that the affected party deems to be material to Protest.

Upon receipt of a timely filed "Notice of Intent to File a Protest", the Purchasing Director or Public Works Director (as appropriate) may abate the award of the formal bid/quote/proposal as appropriate, until the Protest is heard pursuant to the informal hearing process as further outlined below, except and unless the County Manager shall find and set forth in writing, particular facts and circumstances that would require an immediate award of the formal bid/quote/proposal for the purpose of avoiding a danger to the public health, safety, or welfare. Upon such written finding by the County Manager, the County Manager may authorize an expedited Protest hearing procedure. The expedited Protest hearing shall be held within ninety-six (96) hours of the action giving rise to the contractor/vendor/firm's Protest, or as soon as may be practicable for all parties. The "Notice of Intent to File a Protest" shall serve as the grounds for the affected party's presentation and the requirements for the submittal of a formal, written Protest under these procedures, to include the requirement for a bond, shall not apply.

The Dispute Committee shall conduct an informal hearing with the protesting contractor/vendor/firm to attempt to resolve the Protest, within seven working days (excluding Saturdays, Sundays and legal holidays) from receipt of the Formal Written Protest. The Chairman of the Dispute Committee shall ensure that all affected parties may make presentations and rebuttals, subject to reasonable time limitations, as appropriate. The purpose of the informal hearing by the Dispute Committee, the protestor and other affected parties is to provide and opportunity: (1) to review the basis of the Protest; (2) to evaluate the facts and merits of the Protest; and (3) to make a determination whether to accept or reject the Protest.

Once a determination is made by the Dispute Committee with respect to the merits of the Protest, the Dispute Committee shall forward to the Board of County Commissioners its recommendations, which shall include relevant background information related to the procurement.

Upon receiving the recommendation from the Dispute Committee, the Board of County Commissioners shall conduct a hearing on the matter at a regularly scheduled meeting. Following presentations by the affected parties, the Board shall render its decision on the merits of the Protest.

If the Board's decision upholds the recommendation by the Dispute Committee regarding the award, and further finds that the Protest was either frivolous and/or lacked merit, the Board, at its discretion, may assess costs, charges, or damages associated with any delay of the award, or any costs incurred with regard to the protest. These costs, charges or damages may be deducted from the security (bond or letter of credit) provided by the contractor/vendor/firm. Any costs, charges or damages assessed by the Board in excess of the security shall be paid by the protesting contractor/vendor/firm within thirty (30) calendar days of the Board's final determination concerning the award.

All formal bid/quote/proposal solicitations shall set forth the following statement:

TO WHOM IT MAY CONCERN:

Precision Cleaning, Inc. is a great service oriented company. I have worked with Precision Cleaning quite often during my property management career and have found them to be responsive, reasonable and very professional. No matter what the job is, they are able to complete it thoroughly.

Since May, 2001, we have contracted with Precision Cleaning to sweep several commercial parking lots on Third Street South. During the season, they are on site 2 or 3 times a week and in summer once every week. They have been absolutely committed to the times and dates specified for sweeping and have often come to assist our maintenance staff in additional cleanings. They always make an extra effort in making our properties look well maintained.

We enjoy working with Clarence and would recommend Precision Cleaning for sweeping, and all other types of cleaning maintenance that they offer.

Sincerely,

Lisa S. Paul

To Whom It May Concern:

I have been using Precision Cleaning Sweeping Division for the past 6 years and have been very satisfied with the service that they have provided to me at Southwest Florida International Airport. I have 4 parking lots, with over 4800 spaces and roadways that are swept every 3 months and at times they are very full when the sweeper comes in. They send enough manpower so that debris can be blown out from under and around vehicles and the sweeper can then pick it up.

I also use their services for power washing of our exit plazas and bus shelters and they have done a very good job with this service.

I would recommend them to any company that is interested in using their services. If you would like to call me, I can be reached at 239-768-6296 Monday through Friday from 8 am to 4 pm.

COMPANY HISTORY

In business since 1979, Precision Cleaning, Inc. is owned and operated by Dave Fisher. We are Southwest Florida's largest pressure cleaning, awning cleaning, window cleaning, and street sweeping contractor.

Precision's window cleaning service employs several state-of-the-art systems to maximize results in high wind and to eliminate water drips on already cleaned glass. In addition to window cleaning, we also perform high-rise labor services such as furniture lifts, caulking, and bird-hole repair. Precision Cleaning also offers detailed pressure cleaning at any height utilizing three different systems to maximize results on any surface: 1) *High pressure cleaning*: 3,000 to 10,000 p.s.i., 2) *Low pressure chemical cleaning*: 300 to 1,500 p.s.i., 3) *High pressure steam cleaning*: 10,000 p.s.i. at 12 g.p.m. at 300 degrees equaling 360,000 cleaning units compared to the conventional 3,000 p.s.i. at 4 g.p.m. = 12,000 cleaning units. Our sweeping services can be tailored to meet your specific needs, day or night, to maintain clean and safe areas for the general public. Our vacuum sweeping service is 70% quieter and removes 50% more debris than other systems, and is the only technique employing the most recent technology. In addition to street sweeping, Precision offers street and parking lot water flushing with our mobile water tank.

We are proud to exceed all O.S.H.A. and A.N.S.I. safety procedures and rulings, and we have been a certified "Drug-Free Workplace" since 1987. Our highly skilled employees are uniformed, clean-cut, and polite, and our management is certified in both advanced C.P.R. and First Aid. Precision Cleaning never subcontracts work, as our wages are based on *quality* not *quantity*. A crew manager is present on all job sites, and completed work is inspected for perfection.

Thank you for your time and I hope we will be thought of as your "*Full-Service*" pressure cleaning, awning cleaning, window cleaning, and street sweeping company. Should you have any questions, please do not hesitate in giving me a call.
