7. BACKGROUND:

In order to facilitate the Blasting Study, some relief from the .3 Peak Particle Velocity (PPV) limitation at all structures is necessary and has been requested by the Blasting Study Consultant. The proposed ordinance is intended to provide this relief under controlled circumstances. County staff is proposing relief be available only if the approved blasting permit contains a condition, to which the Developer, User and Blaster have agreed, that the Blasting Consultant will control/coordinate any development blasting activity that may not be in compliance with the limitations and regulations set forth in LDC Chapter 3. In all other respects, Chapter 3 will remain in full force and effect.
