By: **Lindsey Sampson, Director**

Lindsey J. Sampson

8. Background: The Solid Waste Division submitted a request to Contracts Management to obtain proposals for RFP-05-01 Solid Waste and Recycling Collection Services. The expected cost of the services required the use of the formal advertised sealed proposal process.

On the proposal deadline of February 1, 2005, Contracts received four (4) proposals. All proposals were considered at the Evaluation Committee held on February 8, 2005. The Selection Committee consisted of the following staff members: Jim Lavender, Director of Public Works as Chairman, Lindsey Sampson, Solid Waste Director and Bill Newman, Project Manager Solid Waste. The Selection Committee qualified all four (4) firms, though qualification was limited for Waste Services, Inc. to one service area and Waste Pro to two service areas only. Price Proposals were opened from the four (4) qualified firms on February 16, 2005. On February 21, 2005 the Selection Committee met to review and make recommendation of award for each service area. It was determined at that time that further discussion and review were required prior to award recommendation. The Selection Committee reconvened on February 28, 2005 and recommended the following firms for contract award:
