Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Board of County Commissioners Lee County, Florida:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lee County, Florida (County) as of and for the year ended September 30, 2004, which collectively comprise the County's basic financial statements and have issued our report thereon dated January 21, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the basic financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Board of County Commissioners, management, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

Fiscal year ended September 30, 2004

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards and state financial assistance summarizes the expenditures incurred under all federal programs and state projects by Lee County, Florida (County) for the fiscal year ended September 30, 2004 and are recognized on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB A-133, Audits of States, Local Governments, and Non-Profit Organizations, Section 215.97, Florida Statutes, and Rules of the Auditor General, Chapter 10.550. For purposes of this schedule, federal programs and state projects include all grants and contracts entered into directly between the County and agencies and departments of the federal or state government. Federal programs or state projects passed through other government agencies, if any, are also included in the schedule.

(2) Indirect Costs

Lee County provides certain services and facilities to federal and state programs such as disbursing, banking, general data processing, office space, and furnishings. Costs for these services are allocated based on certain pre-approved allocation criteria. Lee County allocated costs for these indirect services to the Department of Housing and Urban Development's CDBG Grant in the amount of \$28,957.

(3) Subrecipients

Independent Auditors' Report on Compliance With Requirements
Applicable to Each Major Federal Program and State Project and on
Internal Control Over Compliance in Accordance With
OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General

Board of County Commissioners Lee County, Florida:

Compliance

We have audited the compliance of Lee County, Florida (County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the requirements described in the Executive Office of the Governor's State Projects Compliance Supplement, that are applicable to each of its major federal programs and state projects for the year ended September 30, 2004. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs and state projects is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and Chapter 10.550, Rules of the Auditor General. Those standards, OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs and state projects for the year ended September 30, 2004.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs and state projects. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program or state project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program or state project being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards and State Financial Assistance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2004, and have issued our report thereon dated January 21, 2005. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations and Chapter 10.550, Rules of the Auditor General and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of County Commissioners, management, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance With Requirements Applicable to the Passenger Facility Charge Program and on Internal Control Over Compliance

Board of County Commissioners Lee County, Florida:

Compliance

We have audited the compliance of Lee County, Florida (County) with the compliance requirements described in the *Passenger/Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration the (the Guide) for its passenger facility charge program for the year ended September 30, 2004. Compliance with the requirements of laws and regulations applicable to its passenger facility charge program is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the passenger facility charge program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to its passenger facility charge program for the year ended September 30, 2004.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws and regulations applicable to the passenger facility charge program. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on the passenger facility charge program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Guide.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws and regulations that would be material in

relation to the passenger facility charge program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Passenger Facility Charges

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County as of and for the year ended September 30, 2004, and have issued our report thereon dated January 21, 2005. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of passenger facility charges is presented for purposes of additional analysis as specified in the Guide and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of County Commissioners, management, and the Federal Aviation Administration and is not intended to be and should not be used by anyone other than these specified parties.
