Total annual expenditure for tires and tire related services is approximately \$500,000. (Approval of this project will supersede # EX050002 – Board approved 11/09/04). Also request authority to continue utilizing future Florida State Contracts and Florida Sheriffs Association Bids for tires and related services, etc. if in the best interest of Lee County; and approval of an increase in future overall expenditures of approximately 5% annually.

**2. WHAT ACTION ACCOMPLISHES:** Allows Fleet Management and Lee Tran to purchase tires at a competitive price, and also obtain related services from the same vendor(s) for a turnkey package. Also provides for a wider selection of brands; allowing for the purchase of the make/type of tire that will provide the longest wear in specific applications.

--BACKGROUND CONTINUED FROM PAGE ONE--

With Lee County's continuing growth, Fleet Management and Lee Tran both need to expand their vendor pool in order to obtain the tires needed for their equipment. Fleet Management has recently added additional equipment for Solid Waste's ash hauling which requires additional sizes and types of tires including re-treads. Lee Tran has taken over the ADA transport function and will require additional tire sizes.

The State Contract and the Sheriffs Bid will over lap each other and will give Lee County the flexibility to continue to purchase tires and related services until a new contract is in place. By utilizing two different contracts, we will have greater flexibility in make and type of tire and a wider range of tire vendors across the State of Florida.

**Re:** State and Sheriff's Contract On Tires

---

Please prepare a Blue Sheet to approve the award of project #EX050483 and #PB050484 to purchase tires for Fleet Management and Lee Tran from any of the vendors and authorized distributors listed – and for the prices as stated – on the Florida State Contract # 863-000-03-1 and the Sheriff's Association Tire Contract # 05/6-020105. This project will supersede project #EX050002 (Board approved 11/9/2004).

#### **ACTION REQUESTED/PURPOSE:**

Approve the award of project #EX050483 and #PB050484 to purchase tires for Fleet Management and Lee Tran from any of the vendors and authorized distributors listed – and for the prices as stated – on the Florida State Contract # 863-000-03-1 and the Sheriff's Association Tire Contract # 05/6-020105. The expiration date for the State Contract is February 28, 2006 and the expiration date for the Sheriff's Association Contract is February 28, 2007, with possible extensions; therefore, permission is requested to utilize these contracts until they expire if in the best interest of Lee County. Approve expenditures to the listed contract vendors for tire related services, including but not limited to mounting, balancing, alignments, service calls for flat repairs, on-site heavy equipment tire services, etc. Expenditures are estimated at \$500,000 annually for tires and tire related services. Also approve board authority to continue utilizing the State Contract and Sheriff's Contract if in the best interest of Lee County and the expenditures of approximately 5% increase per year.

#### **WHY ACTION IS NECESSARY:**

Board approval is required, as this expenditure will exceed \$50,000.

**WHAT ACTION ACCOMPLISHES:**

This purchase will allow Fleet Management and Lee Tran to purchase tires at a competitive price and also obtain related services from the same vendor(s) for a turnkey package. It also provides for a wider selection of brands, allowing for the purchase of the make/type of tire that will provide the longest wear in specific applications.

**MANAGEMENT RECOMMENDATIONS:**

Approve this request to give Fleet Management and Lee Tran more flexibility with tire purchases and tire related services.

Funds for this purchase are available from account string:

**JB5191059400.504671 & JB5191059400.504620** for Fleet Management purchases.

**BACKGROUND:**

With Lee County's continuing growth, Fleet Management and Lee Tran both need to expand their vendor pool in order to obtain the tires needed for their equipment. Fleet Management has recently added additional equipment for Solid Waste's ash hauling which requires additional sizes and types of tires including re-treads. Lee Tran has taken over the ADA transport function and will require additional tire sizes.

The State Contract and the Sheriff's Contract will over lap each other and will give Lee County the flexibility to continue to purchase tires and related services until a new contract is in place. By utilizing two different contracts, we will have greater flexibility in make and type of tire and a wider range of tire vendors across the State of Florida.

good morning.

i have been working with fleet and solid waste in an effort to broaden the county's coverage for tires and related services to accommodate the needs of solid waste.

our plan is to go back to the board with a blue sheet that expands the award to include the florida sheriff's bid and add more money to the combined total expenditure which presently sits at \$350K...of which approx. \$100K is spent by lee tran. my question is this: since you have taken over the ADA transit, will your expenditures for tires and related services increase?

please consider this and let me know of any changes you wish to make by this Friday, 5/20 at noon.

thanks for your help and cooperation.

# ATTACHMENT #4

**Lee County Board Of County Commissioners  
Agenda Item Summary**

Blue Sheet No. 20041282

**1. REQUESTED MOTION:**

**ACTION REQUESTED:** Approve the award of Project # EX050002, the purchase of tires for Fleet Management and Lee Tran, from all of the vendors and authorized distributors listed – and for the prices as stated - on Florida State Contract # 863-000-03-1. The expiration date of this contract is February 28, 2005 with possible extensions; therefore, permission is requested to utilize this contract until it expires if in the best interest of Lee County. Also approve expenditures to the listed state contract vendors for tire related services; including, but not limited to mounting, balancing, alignments, service calls for flat tires, on-site heavy equipment tire service, etc. Total annual expenditure for tires and tire related services is approximately \$350,000. (Approval of this project will supersede EX030264 - Board approved 2/18/03). Also request authority to continue utilizing future Florida State Contracts for tires, etc. if in the best interest of Lee County; and approval of an increase in future overall expenditures of approximately 5% annually.

**WHY ACTION IS NECESSARY:** Purchases exceeding \$50,000 require Board approval.

**WHAT ACTION ACCOMPLISHES:** Allows Fleet Management and Lee Tran to purchase tires at a competitive price, and also obtain related services from the same vendor(s) for a turnkey package. Also provides for a wider selection of brands; allowing for the purchase of the make/type of tire that will provide the longest wear in specific applications.
