Department Emergency Management
Division Public Safety
By: John D. Wilson, Director *JDW*

9. Background:

Lee County is currently updating its local mitigation strategy that was initially adopted in 1999. The reasons for the update are to comply with federal legislation requiring strategies to meet certain criteria in order to be eligible for hazard mitigation grant dollars, and to take advantage of more scientific and technically based risk assessment tools to determine the threats of hazards to Lee County and its municipalities. The purpose of the hearing is to obtain public input on the draft strategy before its submittal to the Board of County Commissioners.
