IN THIS GUIDE

We've carefully selected highlighted info on benefits available to you that we feel you'll want to know. In case we missed anything, we have included the Summary Benefits of Coverage for each benefit and contact information for each carrier. This will allow you to compare the different benefit plans and make the best selection for you and your family..

22	Employee Assistance Program
23	Glossary, Disclosures & Legal Notices

Lee County Government provides group insurance benefits to all eligible employees. The Employee Benefit Highlights Booklet provides a general summary of the benefit options as a convenient reference. Please refer to the County's Personnel Policies and/or Certificates of Coverage for detailed descriptions of all available employee benefit programs and stipulations therein. If employee requires further explanation or needs assistance regarding claims processing, please refer to the customer service phone numbers under each benefit description heading or contact Human Resources.

WE'LL MAKE THIS QUICK

Here's a quick checklist for you to use as you go through your enrollment. Additional details can be found in the appendix of this document and on the intranet. As you go through the enrollment process, you'll also have a number of opportunities that will help you navigate your benefits. And as always, your benefits team is here to help. Please reach out at (239) 533-2245.

- Review your benefit options**

- Enroll in your benefits**
 - Open Enrollment – Online at vista.leeclerk.org/pds/login/login.aspx
 - Enrollment and Qualifying Event Information:
<https://www.leegov.com/hr/employees/benefitandwellness/enrollment>

- Send any necessary dependent paperwork to HR**
 - Covering dependents: marriage certificate, social security card, birth certificate

- Review your benefits statement to ensure it is correct**

QUALIFYING EVENTS

Open Enrollment is your only opportunity to make changes to your coverage, unless you experience a qualified change in status.

“Qualifying Event” includes but is not limited to:

- Marriage, divorce, or annulment;
- The birth or adoption of a child;
- The death of your spouse or child;
- A change in the number of your dependents;
- A change in employment status for you, your spouse, or your dependent that results in a change of insurance eligibility.

A qualifying event **must be reported within 60 days of the date of the event and is effective the first of the month following receipt of completed documentation.** Due to Health Care Reform policy changes, the above-mentioned status changes for dependent children may be subject to revision based on future amendments to regulations that govern “changes in status” for cafeteria benefits plans. Failure to report the qualifying event timely may result in a reversal of claims, which will become your financial responsibility.

NEED TO REQUEST A CHANGE?

Contact the Benefits Team in Human Resources for assistance at 239-533-2245.

Find out more at:

<https://www.leegov.com/hr/employees/benefitandwellness/enrollment>

NEED TO ADD A SPOUSE OR DEPENDENT TO YOUR BENEFITS?

The Human Resource Benefits Team will need the following to add a dependent to your benefit plan:

To Add Spouse:

- Marriage License
- Social security card
- Drivers License or Passport
- Spouse COBRA acknowledgement form

To Add Dependent:

- Birth Certificate
- Social security card
- Legal documentation for adoption, fostering, or court appointed guardianship
- Stepchildren: marriage license, birth certificate and social security card.

2025 BENEFIT PREMIUMS

All rates below are monthly rates unless otherwise indicated. Premiums deduction schedule for BOCC Employees are noted for each benefit. Please note *COBRA rates are employer contributions + employee contributions + 2% for COBRA eligible benefits.

MEDICAL PLAN

Two medical plans are available – Aetna Select and Aetna Choice POS II. Both are comprehensive plans with services that include, but are not limited to routine, preventive, mental health, hospitalization, and prescription drug benefits. Please note that

the Select Open Access plan does not cover any out-of-network claims. The Aetna Point of Service plan allows you to visit in network and out-of-network doctors and hospitals of your choice. Out-of-network doctors and hospitals do not contract with our insurance carrier, Aetna. They normally charge more for their services and you might have to pay the difference between what the plan pays for services and the amount they charge.

OVERAGE DEPENDENT ELIGIBILITY & AFFIDAVITS

Over-Age Dependent Affidavits (Age 26-30), if you are currently receiving this benefit, the required form must be updated annually. Contact Human Resources (239) 533-2245.

Eligibility for Coverage from Age 26-30 and Affidavit of Dependent Eligibility:

At the end of the month in which a covered dependent attains the age of 26, he/she will be dropped from all insurance plans.

The employee may elect to continue their dependent(s) coverage in the medical plan only and pay an additional premium for each dependent covered in the 26-30 age group. For the plan year 2025, that rate is \$1,180 per month in addition to any other applicable tier of medical premiums.

The dependent(s) must meet the eligibility requirements, and an Affidavit of Dependent Eligibility (26-30 years old) must be completed for each dependent in order to continue coverage for that dependent. For employees who currently access this benefit, you must complete and verify dependent's eligibility each year during open enrollment.

DEFERRED COMPENSATION PROGRAMS

The 457 Deferred Compensation Program allows employees to set aside tax deferred dollars toward retirement savings through automatic payroll deductions. There is no employer matching for this program.

The money contributed into this type of account, including earnings; accumulate on a tax deferred basis. Employees can consolidate their retirement savings by rolling other eligible retirement assets into this type of account. Minimum and maximum participation amounts apply.

WELLNESS PROGRAM

ACTIVITY CHALLENGES

We host activity challenges several times a calendar year using our employer-sponsored activity platform. Our programming offers individual or team-based health challenges.

WELL - BEING SPACES + FITNESS CLASSES

Our wellness team can help your department and/or divisions create a tranquil office space. Employees can enjoy the use of meditation products, yoga mats, resistance bands, and/or Bluetooth speakers. We also offer virtual and in person lunchtime classes to help keep employees moving and grounded.

WELL-BEING WEBINARS

Our Aetna On-site Wellness Coordinator hosts a variety of well-being webinars throughout the year. Topics include healthy eating, sleep health, stress management, work/life balance, financial wellbeing, and more.

VACCINATION CLINICS

During the fall, we host no-cost, on-site vaccination clinics for employees on the Lee County health plan.

AWARDS AND RECOGNITION

For the fourth year in a row, Lee County BoCC has been awarded an Aetna Workplace Well-being Award. In 2022, 2023 and 2024, we were awarded the Gold Making a Difference Award. This is based on the evaluation of our employer well- being program.

In 2024, the Lee County Wellness program also received recognition from Lee Health as a Partner in Wellness and was also officially recognized as a Blue Zones Project Approved Worksite.

These awards are the culmination of our employees' desire to live healthier, more active lives and make well-being a priority.

BIOMETRICS

We partner with Quest Diagnostics® to offer free on-site wellness screenings. This convenient test measures cholesterol, blood sugar, blood pressure, and body mass index. Off-site options at local Quest Patient Service Centers and Physician Forms are also available. Employees enrolled in the Lee County health plan can earn a \$50 gift card*.

* Reward considered taxable earnings.

GLOSSARY

Balance Billing: When an out-of-network provider bills you for the difference between the provider's charge and your insurance's allowed amount. For example, if the provider's charge is \$100 and the allowed amount is \$70; the provider may bill you for the remaining \$30. An in-network provider cannot balance bill you for the covered services.

Beneficiary: A person who is designated as the recipient of an insurance policy payout.

Co-insurance: Your share of the costs of a covered medical service calculated as a percent of the allowed amount for the service. For example, if your plan has a 30% co-insurance rate, the Carrier will pay 70% of the allowed amount while you pay the balance.

Coordination of Benefits: When you and/or your family member is covered by more than one insurance plan, one of the plans is considered to be the primary carrier and the other is considered to be the secondary carrier. The full benefit is coordinated between the plans.

Co-payment: A fixed amount that you pay at the time of service. Co-pays are most common for PCP or specialist office visit, emergency room, urgent care and prescription drugs.

Deductible: The amount you must pay for eligible expenses before your plan begins to pay for benefits. A deductible may be per service/test, per visit, per supply or per coverage year. For example, our dental plan has an annual deductible for an individual of \$50 which must be paid before the plan will pay.

Dependent: Typically a relative of an employee who may be eligible for benefits coverage if they meet certain criteria. Our benefit plans offer coverage to spouses and children up to age 26 who are totally or substantially reliant on their parents for support, thereby defined as "dependent children".

Dependent Care Account: A flexible spending account (FSA) designed to provide tax-exempt funds to employees for eligible childcare and dependent care expenses. (See FSA.)

Diagnostic Test: Medical tests designed to establish the presence (or absence) of disease as a basis for treatment decisions in symptomatic or screen positive individuals. Note that diagnostic tests are different than screening tests. Screenings are primarily designed to detect early disease or risk factors for disease in apparently healthy individuals (i.e. annual mammograms).

Disease Management: A system of coordinated health-care interventions and communications for patients with certain illnesses.

Durable Medical Equipment (DME): Equipment and supplies ordered by a healthcare provider for everyday or extended use. Coverage for DME may include oxygen equipment, CPAP machines, wheelchairs or crutches.

Eligible Expense: Amount on which payment is based for covered medical services. This may be called "allowed amount maximum," "payment allowance" or "negotiated rate". If an out-of-network provider charges more than the allowed amount, you may have to pay the difference. (See Balance Billing.)

Emergency Medical Condition: A recent and severe medical condition which would lead a person to believe their condition, illness, or injury is of such a nature that failure to get immediate medical care could result in placing your health in serious jeopardy, serious impairment to bodily function, or serious dysfunction of a body part or organ.

Employee Contribution: The amount an employee contributes through payroll deductions for their medical and other insurance and savings program benefits.

Evidence of Insurability (EOI): is an application process in which you provide information on the condition of your health or your dependent's health to get certain types of insurance coverage such as additional life or short-term disability (STD).

Explanation of Benefits (EOB): Every time you use your health insurance, your health plan sends you a record called an "explanation of benefits" (EOB) or "member health statement" that explains how much you owe. The EOB also shows the total cost of care, how much your plan paid and the amount an in-network doctor or other healthcare professional is allowed to charge a plan member (called the "allowed amount").

Flexible Spending Account (FSA): Funded through pre-tax payroll deductions, an FSA is a cost-savings tool that allows you to pay for qualified healthcare-related expenses with pre-tax dollars. Funds deposited in an FSA must be spent in the same year in which they are set aside or they are forfeited. This rule is often referred to as "use it or lose it".

Formulary: a list of the drugs a health plan covers. The list usually includes both brand-name and generic drugs. Our formulary is available on Aetna Navigator. The formulary will change on an annual basis, but can change at any time throughout the year without notice.

Generic Drugs: Medications that are comparable to brand name drugs in dosage form, strength, quality, performance characteristics and intended use, per the FDA. Generic drugs are almost always priced more attractively than their brand name counterparts.

Guaranteed Issue: The maximum amount of insurance an employee can receive without evidence of insurability when first eligible under a plan, and enrollment is made within the enrollment period. This applies to additional life insurance and short term disability (STD).

In-Network Provider: A provider who has a contract with your health insurer or plan to provide services to you at a discount. In-Network Providers have contracted with the insurance carrier to accept reduced fees for services provided to plan members. Using in-network providers will cost you less money. When contacting an In-Network Provider, remember to ask "are you a contracted provider with my plan?" Never ask if a provider "takes" your insurance, as they will all take it. The key phrase is contracted.

Mail Order: Members can obtain a 90-day supply at one time vs. 30 days at a traditional pharmacy. Most suitable for maintenance medications or any drug taken daily, such as contraceptives or blood pressure medications.

Medically Necessary: Medical services or supplies needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.

Member Health Statement: Every time you use your health insurance, your health plan sends you a record called a “member health statement” or an “explanation of benefits” (EOB) that explains how much you owe. The member health statement also shows the total cost of care, how much your plan paid and the amount an in-network doctor or other healthcare professional is allowed to charge a plan member (called the “allowed amount”).

Network: The facilities, providers and suppliers a health insurance carrier has contracted with to provide medical services at pre-negotiated discount. Your out-of-pocket expenses will be lower and you will not be responsible for filing claims if you visit a participating in-network provider.

Non-Preferred Brand Name Drugs: Generally these are higher-cost medications that have recently come on the market. In most cases, an alternative preferred medication is available, be it a preferred brand name drug or a generic.

Non-Preferred Provider: A provider who doesn’t have a contract with your health insurer or plan to provide services to you. You’ll pay more to see a non-preferred provider.

Open Enrollment: The annual period during which you may freely enroll in or change benefit programs.

Out-of-Network Provider: A provider who doesn’t have a contract with your health insurer or plan to provide services to you at a pre-negotiated discount. You’ll pay more to see an out-of-network provider, sometimes referred to as a non-preferred provider.

Out-of-Network Co-insurance: The percent you pay of the allowed amount for covered medical services to providers who do not contract with your health insurance carrier. Out-of-network co-insurance costs you more than in-network co-insurance. An out-of-network provider can balance bill you for charges over the allowed amount. (See Balance Billing.)

Out-of-Pocket Limit/Maximum: The most you will pay during a policy period (a year) before your plan begins to pay 100% of the allowed amount. This limit does not include your premium or balance-billed charges.

Over-the-Counter Drug: A drug that you can buy without a prescription from a drugstore or most general or grocery stores. For example, Benadryl, Tylenol, and Ibuprofen are sold over-the-counter. The opposite of a prescription drug.

Payment Allowance: Amount on which payment is based for covered medical services. This may be called “allowed amount maximum,” “negotiated rate” or “eligible expense”. If an out-of-network provider charges more than the allowed amount, you may have to pay the difference. (See Balance Billing.)

Preauthorization: A medically necessary determination by a health insurance carrier for a medical service, treatment plan, prescription drug, medical or prosthetic device or certain types of durable medical equipment. Sometimes called prior authorization, prior approval or precertification, many plans require preauthorization for certain services before you can receive them, except in cases of emergency. Preauthorization isn’t a promise your medical plan will cover the cost.

Preferred Brand Name Drug: These are medications for which generic equivalents are not available. They have been in the market for some time and are widely accepted. They cost more than generic drugs, but less than non-preferred brand-name drugs.

Preferred Provider: A provider who has a contract with your health insurer or plan to provide services to you at a pre-negotiated discount.

Premium: The amount that must be paid up front, typically via semi-monthly or bi-weekly payroll deductions for insurance coverage.

Prescription Drugs: Medications you can only obtain with a prescription from your Doctor. Prescriptions must be taken to a pharmacy (or sent to a mail-order facility) where a licensed pharmacist will fill it for you. For example, Lipitor and Albuterol can only be obtained with a prescription. The opposite of an over-the-counter drug.

Pre-tax Deduction: Payments deducted from your gross pay before Medicare, Federal, and State taxes are calculated, thus reducing your taxable wages and tax liability.

Post-tax Deduction: Payments deducted from your net pay after Medicare, Federal, and State taxes are calculated, thereby having no impact on your taxable wages and tax liability.

Preventative Care: Medical treatments performed with the intention of preventing a health issue. For example, vaccinations and age-appropriate screenings are almost always considered to be preventative.

Primary Care Physician (PCP): A physician who directly provides or coordinates a wide range of medical services for a patient. Primary Care Physicians include Medical Doctors, Doctors of Osteopathic Medicine, Internists, Family Practitioners, General Practitioners and Pediatricians. The opposite of a specialist.

Provider: A physician, healthcare professional or healthcare facility, certified or accredited as required by state law.

Qualifying Event: A life change as defined under IRS Tax Code Section 125 and HIPAA. These events allow you to make a mid-year change in benefit coverage.

Specialist: A physician who focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent or treat for certain types of symptoms and conditions. The opposite of a Primary Care Physician (PCP). For example, a Dermatologist is considered a specialist.

Specialty Drugs: Prescription medications that require special handling, administration or monitoring. These drugs are used to treat complex, chronic and often costly conditions, such as multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia.

Urgent Care: An illness or injury serious enough that a reasonable person would seek care right away, but not severe as to require emergency room care.

Usual and Customary (U&C) Charges: U&C charges are the provider fees determined by the benefit plan's insurance carrier for a specific geographic location, based on ZIP code. Each insurance carrier maintains a comprehensive database detailing what providers charge for every procedure and treatment.

Waiting Period: The time which must pass before a member can collect insurance benefits. Also known as "elimination period".

DISCLOSURES & LEGAL NOTICES

Patient Protection and Affordable Care Act Disclosure Notices

The following disclosures are required under the Health Care Reform Act. Lee County's group health plan is already compliant with the following reforms.

The Affordable Care Act Patient Protection Disclosure

The Lee County BoCC health plan allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, or for a list of the participating primary care providers, please visit Aetna's website at www.aetna.com; or contact the Aetna Member Services number on your Aetna medical identification card.

For children, you may designate a pediatrician as the primary care provider. You do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology.

The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for services, following a pre-approved treatment plan, or procedures for making referrals.

For a list of participating health care professionals who specialize in obstetrics or gynecology, please visit Aetna's website at <http://www.aetna.com> or contact the Aetna Member Services number on your Aetna medical identification card.

Continuation Coverage Rights Under COBRA

You are receiving this notice because you have recently become covered under a group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan.

This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage.

It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage. For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace (www.healthcare.gov). By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

Additional details on the following page.

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event". Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

<p>If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:</p> <ul style="list-style-type: none">• Your hours of employment are reduced, or• Your employment ends for any reason other than gross misconduct.	<p>If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because of any of the following qualifying events happens:</p> <ul style="list-style-type: none">• Your spouse dies;• Your spouse's hours of employment are reduced;• Your spouse's employment ends for any reason other than his or her gross misconduct;• Your spouse becomes entitled to Medicare benefits (under Part A, Part B or both); or• You become divorced or legally separated from your spouse	<p>Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:</p> <ul style="list-style-type: none">• The parent-employee dies;• The parent-employee's hours of employment are reduced;• The parent-employee's employment ends for any reason other than his or her gross misconduct;• The parent-employee becomes entitled to Medicare benefits (under Part A, Part B or both);• The parents become divorced or legally separated; or• The child stops being eligible for coverage under the plan as a "dependent child."
---	--	---

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator **within 60 days after the qualifying event** occurs. You must provide this notice to: Lee County Board of County Commissioners Benefits Department.

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of spouses, and parents may elect COBRA continuation coverage on behalf of their children. Any qualified beneficiary who does not elect COBRA within the **60-day election period** specified in the election notice **will lose his or her right to elect COBRA**.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. When the qualifying event is the death of the employee, the employee becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is at the end of employment or reduction of work hours and the employee becomes eligible to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of his qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA can be extended.

Other Coverage Options

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If you have Questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights and laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices sent to you by the Plan Administrator.

Disability extension of 18-month period of continuation coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage.

The disability extension is available only if you notify the Plan Administrator in writing of the Social Security Administration's determination of disability within 60 days after the latest of the date of the Social Security Administration's disability determination; the date of the covered employee's termination of employment or reduction of hours; and the date on which the qualified beneficiary loses (or would lose) coverage under the terms of the Plan as a result of a covered employee's termination or reduction of hours. You must also provide this notice within 18-months after the covered employee's termination or reduction in hours in order to be entitled to this extension.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event while receiving 10 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly give to the Plan. This extension may be available to the spouse and any dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.
