SPECIAL CONTRACT PROVISIONS FOR PROFESSIONAL SERVICES/A&E CONTRACTS

6.3 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (Operations/Management, Rolling Stock, and Construction)

(40 USC §§ 3701-3708; and 29 CFR part 5)

The following provisions shall apply with respect to all U.S. federal government financed Contracts and Subcontracts more than \$100,000, involving employment of laborers or mechanics, including watchmen and guards, provided, however, that these provisions shall not apply to Contracts for transportation by land, air, or water, or for the transmission of intelligence, or for the purchase of supplies or materials or articles ordinarily available in the open market.

- **Overtime requirements** - No Contractor or Subcontractor Contracting for any part of the Contract Work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such Work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- **Violation; liability for unpaid wages; liquidated damages** - In the event of any violation of the clause set forth in paragraph (a) of this section the Contractor and any Subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and Subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- **Withholding for unpaid wages and liquidated damages** - LCBOCC shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of Work performed by the Contractor or Subcontractor under any such Contract or any other Federal Contract with the same prime Contractor, or any other federally assisted

6.4 PATENT RIGHTS AND RIGHTS IN DATA (RESEARCH & DEVELOPMENT)

(2 CFR part 200, Appendix II (F); 37 CFR part 401)

The following requirements apply to each Contract involving experimental, developmental or research work:

1. Patent Rights

- a. General – If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under the Contract to which this section applies and that inventions, improvement, or discovery is patentable under the laws of the United States of America or any foreign Country, LCBOCC and Contractor agree to take action necessary to provide immediate notice and a detailed report to the party at a higher tier until FTA is ultimately notified.
- b. Unless the Federal Government later make a contrary determination in writing, irrespective of the Contractor's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individually), LCBOCC and the Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government grants, Contracts and Cooperative Agreements," 37 CFR Part 401.
- c. The Contractor also agrees to include the requirements of this clause in each Subcontract for experimental, developmental, or research Work financed in whole or in part with Federal assistance provided by FTA.

2. Rights in Data

- a. The term "subject data" used in this clause means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts; and information retained in computer memory. Examples include, but are not limited to computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.
- b. The following restrictions apply to all subject data first produced in the

performance of the Contract to which this Section applies:

- i. Except for its own internal use, LCBOCC or Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may LCBOCC or Contractor authorize others to do so, without the written consent of the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public; this restriction on publication, however, does not apply to any Contract with an academic institution. In accordance with 49 CFR § 18.34 and 49 CFR § 19.36, the Federal Government reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for "Federal Government purposes," any subject data or copyright described in subsections (b)(ii)(A) and (b)(ii)(B) of this clause below. As used in the previous sentence, "for Federal Government purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party.
 - Any subject data developed under that Contract, whether or not a copyright has been obtained; and
 - Any rights of copyright purchased by the Purchaser or Contractor using Federal assistance in whole or in part provided by FTA.
- ii. When FTA Awards Federal assistance for experimental, developmental, or research work, it is FTA's general intention to increase transportation knowledge available to the public, rather than to restrict the benefits resulting from the Work to participants in that work. Therefore, unless FTA determines otherwise, LCBOCC and the Contractor performing experimental, developmental, or research Work required by the underlying Contract to which this Attachment is added agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of that Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of the underlying Contract, is not completed for any reason whatsoever, all data developed under that Contract shall become subject data as defined in subsection (i) of this clause and shall be delivered as the Federal Government may direct. This subsection (iii), however, does not apply to adaptations of automatic data processing Equipment or programs for LCBOCC or Contractor's use whose costs are financed in whole or in part with Federal assistance provided by FTA for transportation capital projects.
- iii. Unless prohibited by state law, upon request by the Federal Government, LCBOCC, and the Contractor agree to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by LCBOCC or Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under

that Contract. Neither LCBOCC nor the Contractor shall be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

- iv. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.
 - v. Data developed by LCBOCC or Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into Work required by the underlying Contract to which this Section applies is exempt from the requirements of subsections (ii), (iii), and (iv) of this clause, provided that LCBOCC or Contractor identifies that data in writing at the time of delivery of the Contract work.
 - vi. Unless FTA determines otherwise, the Contractor agrees to include these requirements in each Subcontract for experimental, developmental, or research Work financed in whole or in part with Federal assistance provided by FTA.
- c. Unless the Federal Government later makes a contrary determination in writing, irrespective of the Contractor's status (i.e., a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual, etc.), LCBOCC and the Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401.
 - d. The Contractor also agrees to include these requirements in each Subcontract for experimental, developmental, or research Work financed in whole or in part with Federal assistance provided by FTA.

7. SPECIAL CONTRACT PROVISIONS FOR OPERATIONS/MANAGEMENT CONTRACTS

7.1 CHARTER SERVICE OPERATIONS

(49 USC 5323(d) and (r); and 49 CFR part 604)

The Contractor agrees to carry out that Work in compliance with the conditions stated in that U.S. Department of Labor letter. The requirements of this subsection (a), however, do not apply to any Contract financed with Federal assistance provided by FTA either for projects for elderly individuals and individuals with disabilities authorized by 49 USC § 5310(a)(2), or for projects for nonurbanized areas authorized by 49 USC § 5311. Alternate provisions for those projects are set forth in subsections (2) and (3) of this Section.
2. **Transit Employee Protective Requirements for Projects Authorized by 49 USC § 5310(a) (2) for Elderly Individuals and Individuals with Disabilities** - If the Contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 USC § 5310(a)(2), and if the U.S. Secretary of Transportation has determined or determines in the future that the employee protective requirements of 49 USC § 5333(b) are necessary or appropriate for LCBOCC , the Contractor agrees to carry out the Work in compliance with the terms and conditions determined by the U.S. Secretary of Labor to meet the requirements of 49 USC § 5333(b), U.S. Department of Labor guidelines at 29 CFR Part 215, and any amendments thereto. 2. Require the Contractor to take such remedial measures as FTA considers appropriate.

When operating exclusive school bus service under an allowable exemption, the Contractor may not use federally funded Equipment, vehicles, or facilities. The Contractor should include the substance of this clause in each Subcontract or purchase under this Contract that may operate public transportation Services.

See 49 USC § 5323(m) and FTA regulation, "Pre-Award and Post-Delivery Audits of Rolling Stock Purchases," 49 CFR part 663.

9. SPECIAL CONTRACT PROVISIONS FOR CONSTRUCTION CONTRACTS

9.1 BONDING REQUIREMENTS (*CONTRACTS EXCEEDING \$250,000*)

Common Grant Rule requires bonds for all Construction Contracts exceeding the simplified acquisition threshold unless FTA determines that other arrangements adequately protect the Federal interest. FTA's bonding policies are as follows:

- Bid Guarantee. Both FTA and the Common Grant Rule generally requires each Bidder to provide a Bid guarantee equivalent to a 5-percent of its Bid price. The "Bid guarantee" must consist of a firm commitment such as a Bid Bond, certified check, or other negotiable instrument accompanying a Bid to ensure that the Bidder will honor its Bid upon acceptance.
- Performance Bond. Both FTA and the Common Grant Rule generally requires the third-party Contractor to obtain a Performance Bond for 100-percent of the Contract price. A "Performance Bond" is obtained to ensure completion of the obligations under the third-party Contract.
- Payment Bond. The Common Grant Rule generally requires the third-party Contractor to obtain a standard Payment Bond for 100 percent of the Contract price. A "Payment Bond" is obtained to ensure that the Contractor will pay all people supplying labor and material for the third-party Contract as required by law. FTA, however, has determined that Payment Bonds in the following amounts are adequate to protect FTA's interest and will accept a local bonding policy that meets the following minimums:
 - 1 Less Than \$1 Million. 50-percent of the Contract price if the Contract price is not more than \$1 million,
 - 2 More Than \$1 Million but Less Than \$5 Million. 40-percent of the Contract price if the Contract price is more than \$1 million but not more than \$5 million, or
 - 3 More Than \$5 Million. Two and one half million dollars if the Contract price is more than \$5 million.
- Acceptable Sureties. The Common Grant Rule for non-governmental recipients requires the non-governmental recipient to obtain Construction bonds from companies holding certificates of authority as acceptable sureties under Department of the Treasury regulations, "Surety Companies Doing Business with the United States," 31 CFR Part 223. For a current list of approved sureties, see Department of the Treasury's Listing of Approved Sureties (Department Circular 570), <http://fms.treas.gov/c570/c570.html>. FTA encourages each governmental recipient to require similarly acceptable sureties.
- Reduced Bonding. FTA recognizes that bonding costs can be expensive. FTA will accept a local bonding policy that conforms to the minimums described in this subparagraph 2.h(1) of this Chapter. FTA reserves the right to approve bonding amounts that do not conform to these minimums if the local bonding policy adequately protects the Federal interest. A recipient that wishes to adopt less stringent bonding requirements, for a specific class of projects, or for a particular project should submit

its policy and rationale to the Regional Administrator for the region administering the project.

- **Excessive Bonding.** Compliance with State and local bonding policies that are greater than FTA's bonding requirements do not require FTA approval. FTA recognizes that in some situations bond requirements can be useful if the recipient has a material risk of loss because of a failure of the prospective Contractor. This is particularly so if the risk results from the likelihood of the Contractor's bankruptcy or financial failure when the work is partially completed. Nevertheless, if the recipient's "excessive bonding" requirements would violate the Common Grant Rules as restrictive of competition, FTA will not provide Federal assistance for procurements encumbered by those requirements. Consequently, if the recipient's bonding policies far exceed those described in this subsection; FTA reminds the recipient that it may find it useful to submit its policy and rationale to the Regional Administrator for the region administering the project.

9.2 BUY AMERICA (CONTRACTS EXCEEDING \$150,000)

For any FTA assisted project, the steel, iron, and manufactured products acquired for use in the Construction project must be produced in the United States, unless FTA has granted a waiver. See 49 USC § 5323(j); 49 CFR part 661. FTA cautions that its Buy America regulations are complex and different from the Federal "Buy American Act" regulations in the Federal Acquisition Regulation (FAR) at 48 CFR chapter 1, subchapter D, part 25, subparts 25.1 and 25.2.

9.3 CARGO PREFERENCE

(46 USC § 55305; 46 CFR part 381)

The Cargo Preference requirements apply to all Contracts involving Equipment, materials, or commodities which may be transported by ocean vessels.

Use of United States – Flag Vessels:

- The Contractor agrees to use privately owned United States- Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any Equipment, material, or commodities pursuant to the underlying Contract to the extent such vessels are available at fair and reasonable rates for United States- Flag commercial vessels.
- Furnish within twenty (20) business days following the date of loading for shipments originating within the United States or within thirty (30) business days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to LCBOCC (through the Contractor in the case of a Subcontractor's bill-of-lading.)
- Include these requirements in all Subcontracts issued pursuant to the Contract when the Subcontract may involve the transport of Equipment, material, or commodities by ocean vessel.

9.4 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

(40 U.S.C §§ 3701-3708; and 29 CFR part 5)

The following provisions shall apply with respect to all U.S. federal government financed Contracts and Subcontracts more than \$100,000, involving employment of laborers or mechanics, including watchmen and guards, provided, however, that these provisions shall not apply to Contracts for transportation by land, air, or water, or for the transmission of intelligence,

or for the purchase of supplies or materials or articles ordinarily available in the open market.

- **Overtime requirements** - No Contractor or Subcontractor Contracting for any part of the Contract Work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such Work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- **Violation; liability for unpaid wages; liquidated damages** - In the event of any violation of the clause set forth in paragraph (a) of this section the Contractor and any Subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and Subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- **Withholding for unpaid wages and liquidated damages** - LCBOCC shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of Work performed by the Contractor or Subcontractor under any such Contract or any other Federal Contract with the same prime Contractor, or any other federally assisted Contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or Subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
- **Subcontracts** - The Contractor or Subcontractor shall insert in any Subcontracts the clauses set forth in paragraphs (1) through (3) of this section and a clause requiring the Subcontractors to include these clauses in any lower tier Subcontracts. The prime Contractor shall be responsible for compliance by any Subcontractor or lower tier Subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

9.5 DAVIS BACON ACT AND COPELAND ANTI KICKBACK ACTS (CONTRACTS EXCEEDING \$2,000)

Under 49 USC § 5333(a), Davis-Bacon Act prevailing wage protections apply to laborers and mechanics employed on FTA assisted Construction, alteration, and repair projects. Third party Contracts for Construction, alteration, or repair at any Contract tier exceeding \$2,000 must include provisions requiring compliance with the Davis-Bacon Act, 40 USC § 3141 et seq., and implementing DOL regulations "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction," 29 CFR part 5. The Davis-Bacon Act requires that Contractors pay wages to laborers and mechanics at a rate not less than the minimum wages specified in the wage determination made by the Secretary of Labor. The Davis Bacon Act also requires Contractors to pay wages not less than once a week. The Contractor shall also comply with the Copeland "Anti-Kickback" Act (40 USC § 3145), as supplemented by DOL regulations at 29 CFR part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in part by Loans or Grants from the United States." The Contractor is prohibited from inducing, by any means, any person employed in the Construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise

entitled.

9.6 RECYCLED PRODUCTS (CONTRACTS EXCEEDING \$10,000)

(42 USC § 6962; 40 CFR part 247; and 2 CFR part § 200.322)

With respect to Contracts for items designated by the Environmental Protection Agency, when LCBOCC procures at least Ten Thousand Dollars (\$10,000) of such materials per year, the Contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 USC 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

9.7 SEISMIC SAFETY (CONSTRUCTION OF NEW BUILDINGS & ADDITIONS)

42 USC 7701 et seq.; 49 CFR part 41; and Executive Order 12699

Contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation Seismic Safety Regulations 49 CFR Part 41 and will certify to compliance to the extent required by the regulation. The Contractor also agrees to ensure that all Work performed under the Contract including Work performed by a Subcontractor follows the standards required by the Seismic Safety Regulations and the certification of compliance issued on the project.

9.8 VETERANS PREFERENCE

As provided in 49 USC § 5325(k), to the extent practicable, the Recipient agrees and assures that each of its Subrecipients:

1. Will give a hiring preference to veterans, as defined in 5 USC § 2108, who have the skills and abilities required to perform Construction work required under a third-party Contract in connection with a Capital Project supported with federal assistance appropriated or made available for 49 USC chapter 53; and
2. Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

10. SPECIAL CONTRACT PROVISIONS FOR MATERIALS & SUPPLIES CONTRACTS

10.1 BUY AMERICA (CONTRACTS EXCEEDING \$150,000)

FTA cautions that its Buy America regulations are complex and different from the Federal “Buy American Act” regulations in the Federal Acquisition Regulation (FAR) at 48 CFR chapter 1, subchapter D, part 25, subparts 25.1 and 25.2.
