It shall defend all suits or claims for infringement of any patent rights and shall save the County harmless from loss on account thereof except when a particular design process or product is specified by the County. The Design-Build Firm's personnel to be assigned to the Work and their duties, responsibilities, and fee schedule, and the duration of their assignments are shown on Exhibit F, Design-Build Firm Project Personnel, which is attached and incorporated by reference herein. If the Contract Amount is increased by a Change Order, it shall be the Design-Build Firm's responsibility to ensure that the Performance and Payment Bond is amended accordingly and a copy of the amendment recorded by the Lee County Clerk of Court and forwarded to the County. The Performance and Payment Bond shall be underwritten by a Surety authorized to do business in the State of Florida and otherwise acceptable to the County; provided, however, the Surety shall be rated as "A or better" as to general policy holders rating as reported in the most current Best Key Rating Guide, published by A.M. The life of all Bonds provided to the County shall extend twelve (12) months beyond the date of final payment and shall contain a waiver of alternation to the terms of the Agreement, extensions of time and/or forbearance on the part of the County. The County shall not return or release the Bonds for a period of twelve (12) months after the date of final payment to allow time for claims against the Bonds during this period.

C. If the surety for any bond furnished by Design-Build Firm is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Documents,

the Design-Build Firm shall, within five (5) days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by the Design-Build Firm to maintain its bond in full force and effect at all times, including the warranty period, shall be grounds for termination of this Agreement.

C. Per Section 255.05, Florida Statutes, the Design-Build Firm shall be required to execute and record the Performance and Payment bond. The bond must state the name and principal business address of both the Principal and the Surety and a description of the Project sufficient to identify it.

The Contract Time shall be the time period from the commencement date in the Notice to Proceed to the date of final completion of the Project.

C. County and Design-Build Firm recognize that, since time is of the essence for this Agreement, the County will suffer financial loss if the Work is not substantially completed within the time specified. Should Design-Build Firm fail to substantially complete the Work within the time periods noted above for Substantial Completion, County shall be entitled to assess, as Liquidated Damages, but not as a penalty, \$ _____ for each calendar day thereafter until Substantial Completion is achieved. The Project shall be deemed to be Substantially Completed by the County on the date that the County's Representative certifies in writing that the Construction of the Project, or specified part thereof, is sufficiently completed in accordance with the Contract Documents, so that the Project or part can be utilized for the purposes for which it is intended. Along with such certification, the County's Representative shall compile a "punch list" of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final payment as provided herein.

D. Design-Build Firm hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted Liquidated Damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Design-Build Firm fails to substantially complete the Work in accordance with the progress schedule.

E. When any period of time is referred to by days herein, it shall be computed to exclude the first day and include the last day of such period. When the period of time is fewer than three (3) days, it shall mean business days as defined by Lee County. If the period of time is greater than three (3) days, then it shall mean calendar days. For any period of time greater than seven (7) days where the deadline falls on a Saturday, Sunday, or Lee County recognized holiday, the deadline will fall to the next Monday or non-Lee County recognized holiday.

The Design-Build Firm shall take such action with respect to any Subcontractor, as the County may direct, as a means of enforcing such provisions, including sanctions for non-compliance.

SECTION 11. FEDERAL AND STATE REQUIREMENTS

In the event this Project is funded in whole or in part from any granting agency or source, the specific terms, regulations and requirements governing the disbursement of those funds are incorporated by reference and made a part of the Contract Documents. These conditions shall be made a part of the Supplementary Conditions.

SECTION 12. MODIFICATION

No modification or change to the Agreement shall be valid or binding upon the parties unless in writing and executed by the appropriate parties intended to be bound by it.

SECTION 13. SUCCESSORS AND ASSIGNS

Subject to other provisions hereof, the Agreement shall be binding upon and shall inure to the benefit of the successors and assigns of the parties to the Agreement.

SECTION 14. NO WAIVER

The failure of the County to enforce, at any time or for any period of time, any one or more of the provisions of the Agreement shall not be construed to be, and shall not be, a waiver of any such provision or provisions or of its right thereafter to enforce each and every such provision.

SECTION 15. ENTIRE AGREEMENT

Each of the Parties hereto agrees and represents that the Agreement comprises the full and entire agreement between the parties affecting the Work contemplated, and no other agreement or understanding of any nature concerning the same has been entered into or will be recognized, and that all negotiations, acts, Work performed, or payments made prior to the execution hereof shall be deemed merged in, integrated and superseded by the Agreement.

SECTION 16. SEVERABILITY

Should any provision of the Agreement be determined by a court to be unenforceable, such a determination shall not affect the validity or enforceability of any other section or part thereof.

GENERAL TERMS AND CONDITIONS

EXHIBIT "A"

GENERAL TERMS AND CONDITIONS

1. INTENT OF CONTRACT DOCUMENTS

1.1. It is the intent of the Contract Documents to describe a functionally complete Project (or portion thereof) to be constructed in accordance with the Contract Documents. Any work, materials or equipment that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe Work, materials or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association or to the Laws or Regulations of any governmental authority having jurisdiction over the Project, whether such reference be specific or by implication, shall mean the latest standard specification, manual, code, Law or Regulation in effect at the time the Work is performed, except as may be otherwise specifically stated herein.

1.2. If before or during the performance of the Work, Design-Build Firm discovers a conflict, error or discrepancy in the Contract Documents, Design-Build Firm immediately shall report same to County's Representative and County in writing and before proceeding with the Work affected thereby shall obtain a written interpretation or clarification from the Design-Build Firm's Architect or Engineer. If required and approved by the County, a Field Directive Change Order or Change Order will be issued pursuant to the terms of this Agreement. If the Design-Build Firm performs any Construction activity knowing it involves a recognized error, inconsistency or omission in the Contract Documents without such notice to the Design-Build Firm's Architect or Engineer and County, the Design-Build Firm shall assume responsibility for such performance and shall take full responsibility for costs associated with any corrections. Design-Build Firm shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to Design-Build Firm with the Contract Documents before commencing any portion of the Work.

1.3. Drawings are intended to show general arrangements, design and extent of Work and are not intended to serve as Shop Drawings. Specifications are separated into divisions for convenience of reference only and shall not be interpreted as establishing divisions for the Work, trades, subcontracts, or extent of any part of the Work. In the event of a discrepancy between or among the Drawings, Specifications or other Contract Document provisions, Design-Build Firm shall be required to comply with the provision which is the more restrictive or stringent requirement upon the Design-Build Firm, as determined by the County's Representative. Unless otherwise specifically mentioned, all anchors, bolts, screws, fittings, fillers, hardware, accessories, trim and other parts required in connection with any portion of the Work to make a complete, serviceable, finished and first quality installation shall be furnished and installed as part of the Work, whether or not called for by the Contract Documents.

2. INVESTIGATION AND UTILITIES

2.1. Design-Build Firm shall have the sole responsibility of satisfying itself concerning the nature and location of the Work and the general and local conditions, and particularly, but without limitation, with respect to the following: those affecting transportation, access, disposal, handling and storage of materials; availability and quality of labor; water, sewer, and electric power; availability and condition of roads; Work area; living facilities; climatic conditions and seasons; physical conditions at the Project Site and the Project area as a whole; topography and ground surface conditions; nature and quantity of the surface materials to be encountered; subsurface conditions; equipment and facilities needed preliminary to and during performance of the Work; and all other costs associated with such performance. The failure of Design-Build Firm to acquaint itself with any applicable conditions shall not relieve Design-Build Firm from any of its responsibilities to perform under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

2.2. Design-Build Firm shall locate all existing roadways, railways, drainage facilities and utility services above, upon, or under the Project Site, said roadways, railways, drainage facilities and utilities (surface and subsurface) being referred to in this Section 2 as the "Utilities". Design-Build Firm shall contact the owners of all Utilities to determine the necessity for relocating or temporarily interrupting any Utilities during the Construction of the Project. Design-Build Firm shall schedule and coordinate its Work around any such relocation or temporary service interruption. Design-Build Firm shall be responsible for properly shoring, supporting and protecting all Utilities at all times during the course of the Work. Relocation or shutdown of County facilities must be requested by the Design-Build Firm in writing a minimum of ten (10) days prior to the proposed Work. The County shall have the final decision with respect to whether the relocation or shutdown is required and when the relocation or shutdown of facilities may take place. The Work may need to be performed at night or on weekends to minimize the interruption of service or to meet the operational needs of the County's facilities.

3. PROGRESS PAYMENTS

3.1. Design-Build Firm agrees and understands that funding limitations exist and that the expenditure of funds must be spread over the duration of the Project at regular intervals based on the Contract Amount and progress schedule. Accordingly, prior to submitting its first monthly application for payment, Design-Build Firm shall submit to the County and the County's Representative, for their review and approval, a Schedule of Values based upon the Contract Amount, listing the major elements of the Work and the dollar value for each element. After its approval by the County and County's Representative, this Schedule of Values shall be used as the basis for the Design-Build Firm's monthly applications for payment. This schedule shall be updated and submitted each month to the County's Representative along with a completed and notarized copy of the application for payment form. No voluntary acceleration or early completion of the Work shall modify the time of payments to Design-Build Firm as set forth in the approved Schedule of Values.

3.2. Prior to submitting its first monthly application for payment, Design-Build Firm shall submit to the County and the County's Representative a complete list of all its proposed Subcontractors and materialmen, showing the Work and materials involved and the dollar amount of each proposed subcontract. The first application for payment shall be submitted no earlier than thirty (30) days after the commencement date.

3.3. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the Site or at another location agreed to by the County in writing, the application for payment shall also be accompanied by a Bill of sale, Invoice or other documentation warranting that the County has received the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect the County's interest therein, all of which shall be subject to the County's satisfaction.

3.4. Design-Build Firm shall submit one (1) copy of its monthly application for payment to the County's Representative on or before the 25th day of each month for Work performed during the previous month. Invoices received after the 25th day of each month shall be considered for payment as part of the next month's application. Within ten (10) days after receipt of each application for payment, the County's Representative shall either:

3.4.1 indicate his/her approval of the requested payment;

3.4.2 indicate his/her approval of only a portion of the requested payment, stating in writing his/her reasons therefore; or

3.4.3 return the application for payment to the Design-Build Firm indicating, in writing, the reason for refusing to approve payment and the action necessary to make the payment request proper.

In the event of a total denial and return of the application for payment by the County's Representative, the Design-Build Firm may make the necessary corrections and resubmit the application for payment. The County shall, within thirty (30) days after County approval of an application for payment, pay the Design-Build Firm the amounts so approved. Provided, however, in no event shall the County be obligated to pay any amount greater than that portion of the application for payment approved by the County's Representative.

3.5. The County shall initially retain five percent (5%) of the gross amount of each monthly payment request or five percent (5%) of the portion thereof approved by the County's Representative for payment, whichever is less.

3.6. Monthly payments to Design-Build Firm shall in no way imply or constitute approval or acceptance of Design-Build Firm's work. Neither the acceptance of the Work nor payment by the County shall be deemed to be a waiver of the County's right to enforce any obligations of Design-Build Firm hereunder or to the recovery of damages for Defective Work not discovered by the County at the time of final inspection.

4. PAYMENTS WITHHELD

4.1. The County's Representative or the County may decline to approve any application for payment, or portions thereof, because of subsequently discovered evidence or subsequent inspections. The County's Representative or the County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due Design-Build Firm under this Agreement or any other agreement between the County and Design-Build Firm, to such extent as may be necessary in the County's opinion to protect it from loss because of:

4.1.1. Defective Work not remedied;

4.1.2. Third party claims filed or reasonable evidence indicating probable filing of such claims;

4.1.3. Failure of Design-Build Firm to make payment properly to Subcontractors or for labor, materials or equipment;

4.1.4. Reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount;

4.1.5. Reasonable indication that the Work will not be completed within the Contract Time;

4.1.6. Unsatisfactory prosecution of the Work by the Design-Build Firm;

4.1.7. Failure to provide accurate and current Record Drawings; or

4.1.8. Any other material breach of the Contract Documents.

4.2. If these conditions in Subsection 4.1 are not remedied or removed, the County may, after three (3) days' written notice, rectify the same at Design-Build Firm's expense. The County also may offset against any sums due Design-Build Firm the amount of any Liquidated or unliquidated obligations of Design-Build Firm to the County, whether relating to or arising out of this Agreement or any other agreement between Design-Build Firm and the County.

5. FINAL PAYMENT

5.1. County shall make final payment to Design-Build Firm within thirty (30) days after the Work is finally inspected and accepted by County in accordance with Section 19 herein, provided that Design-Build Firm first, and as an explicit condition precedent to the accrual of Design-Build Firm's right to final payment, shall have furnished the County a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents and the County.

5.1.1. If liquidated damages are to be deducted from the final payment, the County shall so notify the Design-Build Firm in writing at least seven (7) days prior to the County's submittal of the invoice to the Clerk of Court for payment.

5.1.2. The Design-Build Firm shall submit to the County with the final payment documents a DBE Participation Certification, indicating all DBE Subcontractor(s) and amount(s) utilized for the project. If the Design-Build Firm did not utilize the DBE firm(s) listed on the Bid Proposal, a letter of justification shall be submitted along with the DBE Participation Certification.

5.2. Design-Build Firm's acceptance of final payment shall constitute a full waiver of any and all claims by Design-Build Firm against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Design-Build Firm as unsettled at the time of the final application for payment. Neither the acceptance of the Work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Design-Build Firm hereunder or to the recovery of damages for Defective Work not discovered by the County's Representative or County at the time of final inspection.

6. SUBMITTALS AND SUBSTITUTIONS

6.1. Design-Build Firm shall carefully examine the Contract Documents for all requirements for approval of materials to be submitted such as a Schedule of Values, safety manual, Shop Drawings, data, test results, schedules and samples. Design-Build Firm shall submit all such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

6.2. Whenever materials or equipment are specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the naming of the item is intended to establish the type, function and quality required. Unless the name is followed by words indicating that no substitution is permitted, materials or equipment of other Suppliers may be accepted by the County if sufficient information is submitted by Design-Build Firm to allow the County to determine that the material or equipment proposed is equivalent or better than to that named. Requests for review of substitute items of material and equipment will not be accepted by the County from anyone other than Design-Build Firm and all such requests must be submitted by Design-Build Firm to the County's Representative.

6.3. If Design-Build Firm wishes to furnish or use a substitute item of material or equipment, Design-Build Firm shall make application to the County's Representative for acceptance thereof, certifying that the proposed substitute shall perform adequately the functions and achieve the results called for by the general design, be similar and of equal substance to that specified and be suited to the same use as that specified. The application shall state that the evaluation and acceptance of the proposed substitute will

not prejudice Design-Build Firm's achievement of Substantial Completion on time, whether or not acceptance of the substitute for use in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with the County for the Project) to adapt the design to the proposed substitute and whether or not incorporation or use of the substitute in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute from that specified will be identified in the application and available maintenance, repair and replacement service shall be indicated. The application also shall contain an itemized estimate of all costs that will result, directly or indirectly, from acceptance of such substitute, including costs for redesign and claims of other Design-Build Firms affected by the resulting change, all of which shall be considered by the County's Representative in evaluating the proposed substitute. The County's Representative may require Design-Build Firm to furnish, at Design-Build Firm's expense, additional data about the proposed substitute.

6.4. If a specific means, method, technique, sequence or procedure of construction is indicated in or required by the Contract Documents, Design-Build Firm may furnish or utilize a substitute means, method, sequence, technique or procedure of construction acceptable to the County's Representative, if Design-Build Firm submits sufficient information to allow the County's Representative to determine that the substitute proposed is equivalent to that indicated or required by the Contract Documents. The procedures for submission to and review by the County's Representative shall be the same as those provided herein for substitute materials and equipment.

6.5. The County's Representative shall be allowed a reasonable time within which to evaluate each proposed substitute. The County's Representative shall be the sole judge of acceptability, and no substitute will be ordered, installed or utilized without the County's Representative's and the County's prior written acceptance which shall be evidenced by either a Change Order or an approved Shop Drawing. The County may require Design-Build Firm to furnish, at Design-Build Firm's expense, a special performance guarantee or other Surety with respect to any substitute. The County's Representative will record time required by the County's Representative and the County's Representative's consultants in evaluating substitutions proposed by Design-Build Firm and making changes in the Contract Documents occasioned thereby. Whether or not the County accepts a proposed substitute, Design-Build Firm shall reimburse the County for the charges of the County's Representative and the County's Representative's consultants for evaluating each proposed substitute, or such charges may be deducted from an application for payment, at the County's sole discretion.

7. REPORTS, RECORD DRAWINGS AND MEETINGS

7.1. Unless waived in writing by County, Design-Build Firm shall complete and submit to County's Representative on a weekly basis a daily log of the Design-Build Firm's work for the preceding week in a format approved by the County's Representative. The daily log shall document all activities of Design-Build Firm at the Project Site including, but not limited to, the following:

7.1.1. Weather conditions showing the high and low temperatures during work hours, the amount of precipitation received on the Project Site, and any other weather conditions which adversely affect the Work;

7.1.2. Soil conditions which adversely affect the Work;

7.1.3. The hours of operation by Design-Build Firm's and Subcontractor's personnel;

7.1.4. The number of Design-Build Firm's and Subcontractor's personnel present and working at the Project Site, by subcontract and trade;

7.1.5. All equipment present at the Project Site, description of equipment use and designation of time equipment was used (specifically indicating any down time);

7.1.6. Description of Work being performed at the Project Site;

7.1.7. Any unusual or special occurrences at the Project Site;

7.1.8. Materials received at the Project Site;

7.1.9. A list of all visitors to the Project Site; and

7.1.10. Any problems that might impact either the cost or quality of the Work or the time of performance.

The daily log shall not constitute nor take the place of any notice required to be given by Design-Build Firm to the County pursuant to the Contract Documents.

7.2. Design-Build Firm shall maintain in a safe place at the Project Site one record copy of the Contract Documents, including, but not limited to, all Drawings, Specifications, addenda, amendments, Change Orders, Field Directive Change Orders, Work authorizations, Shop Drawings, as well as all written interpretations and clarifications, in good order and annotated to show all changes made during Construction. The annotated Drawings shall be continuously updated by the Design-Build Firm throughout the prosecution of the Work to accurately reflect all Field Directive Changes that are made to adapt the Work to field conditions, changes resulting from Change Orders, Field Directive Change Orders, and all concealed and buried installations of piping, conduit and utility services. All buried and concealed items, both inside and outside the Project Site, shall be accurately located on the annotated Drawings as to depth and in relationship to not less than two (2) permanent features (e.g. interior or exterior wall faces). The annotated Drawings shall be clean and all changes, corrections and dimensions shall be given in a neat and legible manner in a contrasting color. The annotated Drawings, together with all approved samples and a counterpart of all approved Shop Drawings, shall be available to County's Representative and the County for reference. Current and accurate annotated Drawings shall be submitted with each

application for payment. Failure to provide current and accurate annotated Drawings shall be reason for rejecting the application for payment. Upon completion of the Work and as a condition precedent to Design-Build Firm's entitlement to final payment, the Record Drawings, samples and Shop Drawings shall be delivered to County's Representative by Design-Build Firm for the County.

7.3. Design-Build Firm shall keep all records and supporting documentation which concern or relate to the Work hereunder for a minimum of ten (10) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. County, or any duly authorized agents or representatives of County, shall have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Agreement and during the ten (10) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

7.4 In addition to other requirements provided herein, the Design-Build Firm shall comply with public records laws embodied in Chapter 119, Florida Statutes, and specifically shall:

7.4.1. Keep and maintain public records required by the County in order to perform the Work identified herein.

7.4.2. Upon request from the County, the Design-Build Firm shall provide the County with any requested public records or allow the requested records to be inspected or copied within a reasonable time by the County.

7.4.3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and thereafter if the Design-Build Firm does not transfer all records to the County.

7.4.4. Transfer, at no cost, to County all public records in possession of the Design-Build Firm upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the County, upon request from the County, in a format that is compatible with the information technology systems of the County. If the Design-Build Firm keeps and maintains public records upon the conclusion of this Agreement, the Design-Build Firm shall meet all applicable requirements for retaining public records that would apply to the County.

7.5. If the Design-Build Firm does not comply with a public records request, the County shall treat that omission as breach of this Agreement and enforce the contract provisions accordingly. Additionally, if the Design-Build Firm fails to provide records when requested, the Design-Build Firm may be subject to penalties under Section 119.10, Florida Statutes, and reasonable costs of enforcement, including attorney fees.

IF THE DESIGN-BUILD FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE DESIGN-BUILD FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-533-2221, 2115 SECOND STREET, FORT MYERS, FL 33901, PRRCustodian@leegov.com; <http://www.leegov.com/publicrecords>.

8. CONTRACT TIME AND TIME EXTENSIONS

8.1. Design-Build Firm shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its Subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission of Design-Build Firm. Design-Build Firm shall be solely responsible for all construction means, methods, techniques, sequences, and procedures, as well as coordination of all portions of the Work under the Contract Documents.

8.2. Should Design-Build Firm be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Design-Build Firm, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Design-Build Firm shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Design-Build Firm may have had to request a time extension.

8.3. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Design-Build Firm of its duty to perform or give rise to any right to damages or additional compensation from County. Design-Build Firm expressly acknowledges and agrees that it shall receive no damages for delay. Design-Build Firm's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "no damage for delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

9. CHANGES IN THE WORK

9.1. County shall have the right, at any time during the progress of the Work, to increase or decrease the Work. Promptly after being notified of a change, Design-Build Firm shall submit an itemized quote of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except

upon written order of County as set forth in this Section, and County shall not be liable to the Design-Build Firm for any increased compensation without such written order. No officer, employee or agent of County is authorized to direct any extra or changed Work orally.

9.2. A Change Order, in the form attached as Exhibit D to this Agreement, shall be issued and executed promptly after an agreement is reached between Design-Build Firm and County concerning the requested changes. Design-Build Firm shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as County and Design-Build Firm shall mutually agree.

9.3. If County and Design-Build Firm are unable to agree on a Field Directive Change Order for the requested change, Design-Build Firm shall, nevertheless, promptly perform the change as directed by County in a written Field Directive Change Order. In that event, the Contract Amount and Contract Time shall be adjusted as directed by County. If Design-Build Firm disagrees with the County's adjustment determination, Design-Build Firm must make a claim pursuant to Section 10 of these General Terms and Conditions or else be deemed to have waived any claim on this matter it might otherwise have had.

9.4. In the event a requested change results in an increase to the Contract Amount, the amount of the increase shall be limited to the Design Build Firm's reasonable direct labor and material costs and reasonable actual equipment costs as a result of the change (including Allowance for labor burden costs) plus a maximum ten percent (10%) markup for all profit. However, where the Work involved is covered by unit prices contained in the Contract Documents or subsequently agreed upon, those unit prices shall be applied to the quantities of the items involved.

9.4.1. In the event such changed Work is performed by a Subcontractor, a maximum ten percent (10%) markup for all profit for all Subcontractors' and subcontractors' direct labor and material costs and actual equipment costs shall be permitted, with a maximum five percent (5%) markup thereon by the Design-Build Firm for all of its profit, for a total maximum markup of fifteen percent (15%). All compensation due Design-Build Firm and any Subcontractor or sub-subcontractor for field and home office overhead is included in the markups noted above.

9.5. County shall have the right to conduct an audit of Design-Build Firm's books and records to verify the accuracy of the Design-Build Firm's claim with respect to Design-Build Firm's costs associated with any Change Order.

9.6. The County shall have authority to order minor changes in the Work not involving an adjustment to the Contract Amount and not inconsistent with the intent of the Contract Documents. Such changes may be effected by Field Directive Change Order or by other written order. Such changes shall be binding on the Design-Build Firm.

10. CLAIMS AND DISPUTES

10.1 In the event of a dispute or claim arising out of this Agreement, the Design-Build Firm shall notify the County and County's Representative in writing within forty eight (48) hours after the first day of the event giving rise to such claim or dispute or else the Design-Build Firm shall be deemed to have waived the claim or dispute. Written supporting data shall be submitted to the County and County's Representative within fifteen (15) days after the occurrence of the event, unless the County grants additional time in writing, or else the Design-Build Firm shall be deemed to have waived the claim or dispute.

10.2 In the event of a dispute or claim arising out of this Agreement, the parties agree first to try in good faith to settle the dispute by direct discussion. If this is unsuccessful, the parties may enter into mediation in Lee County, Florida, with the parties sharing equally in the cost of such mediation.

10.3 In the event mediation, if attempted, is unsuccessful in resolving a dispute, the parties may proceed to litigation as set forth below.

10.4 Any dispute, action or proceeding arising out of or related to this Agreement shall be exclusively commenced in the state courts of Lee County, Florida, or where proper subject matter jurisdiction exists, in the United States District Court for the Middle District of Florida. Each party irrevocably submits and waives any objections to the exclusive personal jurisdiction and venue of such courts, including any objection based on forum non conveniens.

10.5 This Agreement and the rights and obligations of the parties shall be governed by the laws of the State of Florida without regard to its conflict of laws principles.

10.6 The Design-Build Firm shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments in accordance with the Contract Documents during the pendency of any claim.

11. OTHER WORK

11.1. The County may perform other work related to the Project at the Site by the County's own forces, have other work performed by utility owners or let other direct contracts. If the fact that such other work is to be performed is not noted in the Contract Documents, forty-eight (48) hours' written notice thereof will be given to Design-Build Firm prior to starting any such other work. If Design-Build Firm believes that such performance will involve additional expense to Design-Build Firm or require additional time, Design-Build Firm shall send written notice of that fact to the County and County's Representative within forty-eight (48) hours of being notified of the other work. If the Design-Build Firm fails to send the above required forty-eight (48) hour notice, the Design-Build Firm shall be deemed to have waived any rights it otherwise may have had to seek an extension to the Contract Time or adjustment to the Contract Amount.

11.2. Design-Build Firm shall afford each utility owner and other Design-Build Firm who is a party to such a direct contract (or the County, if the County is performing the additional work with the County's employees) proper and safe access to the Site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its Work with theirs. Design-Build Firm shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. Design-Build Firm shall not endanger any work of others by cutting, excavating or otherwise altering their work and shall only cut or alter their work with the written consent of the County's Representative and the others whose work will be affected. The duties and responsibilities of Design-Build Firm under this paragraph are for the benefit of such utility owners and other Design-Build Firms to the extent that there are comparable provisions for the benefit of Design-Build Firm in said direct contracts between the County and such utility owners and other Design-Build Firms.

11.3. If any part of Design-Build Firm's Work depends for proper execution or results upon the work of any other contractor or utility owner (or the County), Design-Build Firm shall inspect and promptly report to County's Representative in writing any delays, defects or deficiencies in such work that render it unavailable or unsuitable for such proper execution and results. Design-Build Firm's failure to report shall constitute an acceptance of the other work as fit and proper for integration with Design-Build Firm's Work.

12. INDEMNIFICATION AND INSURANCE

12.1. Design-Build Firm agrees to save harmless, indemnify, and defend or, at the option of the County, pay the cost of defense, on behalf of the County, the County's employees and representatives from any and all claims, losses, penalties, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether in negligence, gross negligence, strict liability, or for personal injury, death, property damage, direct or consequential damages, or economic loss, arising directly or indirectly on account of or in connection with the Work performed by Design-Build Firm under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Design-Build Firm or resulting from the use by Design-Build Firm, or by any one for whom Design-Build Firm is legally liable, of any materials, tools, machinery or other property of the County. The County and Design-Build Firm agree the first \$100.00 of the Contract Amount paid by the County to Design-Build Firm shall be given as separate consideration for this indemnification, and any other indemnification of the County by Design-Build Firm provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Design-Build Firm by Design-Build Firm's execution of the Agreement.

The Design-Build Firm's obligation under this provision shall not be limited in any way by the agreed upon Contract Amount as shown in this Contract or the Design-Build Firm's limit of, or lack of, sufficient insurance protection.

12.2. Design-Build Firm shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in the Insurance Requirements attached to this Agreement as Exhibit C. All insurance policies shall be from responsible companies duly authorized to do business in the State of Florida and/or responsible risk retention group insurance companies which are registered with the State of Florida. Prior to execution of the Agreement, Design-Build Firm shall provide the County with properly executed Certificates of Insurance to evidence Design-Build Firm's compliance with the insurance requirements of the Contract Documents. Said Certificates of Insurance shall be on forms approved by the County. The Certificates of Insurance shall be personally, manually signed by the authorized representatives of the insurance company/companies shown on the Certificates of Insurance, with proof that they are authorized representatives thereof. In addition, certified, true and exact copies of all insurance policies required hereunder shall be provided to the County, on a timely basis, when requested by the County.

12.3. The Certificates of Insurance and required insurance policies shall contain provisions that thirty (30) days prior written notice by registered or certified mail shall be given to the County of any cancellation, intent not to renew, or reduction in the policies or coverages, except in the application of the aggregate limits provisions. In the event of a reduction in the aggregate limit of any policy, Design-Build Firm shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

12.4. To the extent multiple insurance coverage and/or County's self-insured retention may apply, any and all insurance coverage purchased by Design-Build Firm and its Subcontractors identifying the County as an additional named insured shall be primary. The acceptance by the County of any Certificate of Insurance does not constitute approval or agreement by the County that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with the requirements of the Contract Documents. No Work shall commence at the Project Site unless and until the required Certificates of Insurance are received by the County.

12.5. The Design-Build Firm will be fully responsible for all acts and omissions of his Subcontractors and of persons directly or indirectly employed by them and of persons for whose acts they may be liable to the same extent that they are employed by him. Nothing in the Contract Documents shall create any contractual relationship between any Subcontractor and the County. The County may, upon request, furnish to any Subcontractor, to the extent practicable, evidence of amounts paid to the Design-Build Firm on account of specific Work done.

12.6. Design-Build Firm shall require each of its Subcontractors to procure and maintain, until the completion of the Subcontractor's work, insurance of the types and to the limits specified in the Insurance Requirements attached to this Agreement, unless such insurance requirements for the Subcontractor are expressly waived in writing by the County. All liability insurance policies, other than professional liability, workers' compensation, employer's liability and business auto liability policies, obtained by Design-Build Firm to meet the requirements of the Contract Documents shall name the County

and County's Representative as additional insureds. If any insurance provided pursuant to the Contract Documents expires prior to the completion of the Work, renewal Certificates of Insurance and, if requested by the County, certified, true copies of the renewal policies, shall be furnished by Design-Build Firm within thirty (30) days prior to the date of expiration.

12.7. Should at any time the Design-Build Firm not maintain the insurance coverages required herein, the County may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverages and charge the Design-Build Firm for such coverages purchased. The County shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the County to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Contract Documents.

12.8. Design-Build Firm shall submit to County's Representative a copy of all accident reports arising out of any injuries to its employees or those of any firm or individual to whom it may have subcontracted a portion of the Work, or any personal injuries or property damages arising or alleged to have arisen on account of any Work by Design-Build Firm under the Contract Documents.

13. COMPLIANCE WITH LAWS

13.1 Design-Build Firm agrees to comply, at its own expense, with all Laws and Regulations, including federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to the Project, including but not limited to those dealing with taxation, workers' compensation, equal employment and safety. If Design-Build Firm observes that the Contract Documents are at variance therewith, it shall promptly notify the County and County's Representative in writing.

14. CLEANUP AND PROTECTIONS

14.1. Design-Build Firm agrees to keep the Project Site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Design-Build Firm shall remove all debris, rubbish and waste materials from and about the Project Site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project Site clean and ready for occupancy by County.

14.2. Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery, not indicated in the Contract Documents to be removed or altered, shall be protected by Design-Build Firm from damage during the prosecution of the Work. Any such improvements so damaged shall be restored by Design-Build Firm to the condition equal to that existing at the time of Design-Build Firm's commencement of the Work and the Design-Build Firm shall bear the cost of any such restorations.

14.3. If the Design-Build Firm fails to clean up as provided in the Contract Documents, the County may do so and the cost thereof shall be deducted from the final payment due the Design-Build Firm.

15. ASSIGNMENT

15.1. Design-Build Firm shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. The provisions of this agreement shall inure to the benefit of and be binding upon the respective successors and assignees of the parties hereto. Design-Build Firm will not sell, transfer, assign, license, franchise, restructure, alter or change its corporate structure or otherwise part with possession or mortgage, charge or encumber any right or obligation under this agreement without the proposed assigned and/or party restructuring, altering or changing its corporate structure agreeing in writing with the non-assigning party to observe and perform the terms, conditions and restrictions on the part of the assigning party to this agreement whether express or implied as if the proposed assignee and/or restructuring, altering or changing its corporate structure was an original contracting party to this agreement.

16. PERMITS, LICENSES AND TAXES

16.1. Pursuant to Section 218.80, Florida Statutes, the County will pay for all County permits and fees, including permit fees, impact fees or inspection fees applicable to the Work. Design-Build Firm is not responsible for paying for permits issued by the County wherein the Work is to be performed, but is responsible for acquiring all other permits. The County may require the Design-Build Firm to deliver internal budget transfer documents to applicable County agencies when the Design-Build Firm is acquiring permits.

16.2. All permits, fees, royalties, and claims necessary for the prosecution of the Work, which are not issued by the County, shall be acquired and paid for by the Design-Build Firm. The Design-Build Firm and its sureties, together with his officers, agents, and employees, shall protect and hold the County harmless against any and all demands made for such fees or claims brought or made by holder of any invention or patent.

16.3. The Design-Build Firm shall be fully responsible for the execution and adherence to all directives, instructions, conditions, special conditions, and limiting conditions contained in permits specifically issued for the Work and which pertain to or affect the construction of this project, and shall be solely responsible for issuance of any Notices required thereby.

17. CONTRACT TERMINATION

17.1 MATERIAL BREACH A Design-Build Firm may be Terminated for Cause by the County, at the sole discretion of the Procurement Management Director, for failing to perform a contractual requirement or for a material breach of any term or condition. A material breach of a term or condition of the Agreement may include but is not limited to: 1. Design-Build Firm failure to perform services or deliver materials, supplies, or equipment by the date required or by an alternate date as mutually agreed in a written amendment to the Agreement; 2. Design-Build Firm failure to carry out any warranty or fails to perform or comply with any mandatory provision of the Agreement; 3. Design-Build Firm becomes insolvent or in an unsound financial condition so as to endanger performance hereunder; 4. Design-Build Firm becomes the subject of any proceeding under any law relating to bankruptcy, insolvency or reorganization, or relief from creditors and/or debtors that endangers the Design-Build Firm's proper performance hereunder; 5. Appointment of any receiver, trustee, or similar official for Design-Build Firm or any of the Design-Build Firm's property and such appointment endangers the Design-Build Firm's proper performance hereunder; 6. A determination that the Design-Build Firm is in violation of federal, state, or local laws or regulations and that such determination renders the Design-Build Firm unable to perform any aspect of the Agreement.

17.2 OPPORTUNITY TO CURE In the event that Design-Build Firm fails to perform a contractual requirement or materially breaches any term or condition, the County may issue a written cure notice. The Design-Build Firm may have a period of time in which to cure. The County is not required to allow the Design-Build Firm to cure defects if the opportunity for cure is not feasible as determined solely within the discretion of the County. Time allowed for cure shall not diminish or eliminate Design-Build Firm's liability for damages, or otherwise affect any other remedies available against Design-Build Firm under the Agreement or by law. If the breach remains after Design-Build Firm has been provided the opportunity to cure, the County may do any one or more of the following: 1. Exercise any remedy provided by law; 2. Terminate this Agreement and any related contracts or portions thereof; 3. Procure replacements and impose damages as set forth elsewhere in this Agreement, if applicable; 4. Impose actual or liquidated damages; 5. Suspend or bar Design-Build Firm from receiving future solicitations or other opportunities; 6. Require Design-Build Firm to reimburse the County for any loss or additional expense incurred as a result of default or failure to satisfactorily perform the terms of the Agreement.

17.3 TERMINATION FOR CAUSE In the event the Procurement Management Director, in his/her sole discretion, determines that the Design-Build Firm has failed to comply with the conditions of this Agreement in a timely manner or is in material breach, the Procurement Management Director has the right to terminate this Agreement, in part or in whole. **If corrective action is deemed acceptable by the County,** the Procurement Management Director shall notify the Design-Build Firm in writing of the need to take corrective action **and the date in which the corrective action must be completed.** If corrective action is not **completed as specified** by the Procurement Management Director, or if such corrective action is deemed by the County to be insufficient, the Agreement may

be terminated. The County reserves the right to withhold further payments, or prohibit the Design-Build Firm from incurring additional obligations of funds during investigation of the alleged breach and pending corrective action by the Design-Build Firm or a decision by the County to terminate the Agreement. In the event of termination, the County shall have the right to procure any replacement materials, supplies, services and/or equipment that are the subject of this Agreement on the open market. In addition, the Design-Build Firm shall be liable for damages as authorized by law including, but not limited to, any price difference between the original Agreement and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the competitive bidding, mailing, advertising and staff time. If it is determined that: (1) the Design-Build Firm was not in material breach; or (2) failure to perform was outside of Design-Build Firm's or its subcontractor's control, fault or negligence, the termination shall be deemed to be a "Termination for Convenience." The rights and remedies of the County provided in this Agreement are not exclusive and are in addition to any other rights and remedies provided by law.

17.4 TERMINATION FOR CONVENIENCE Except as otherwise provided in this Agreement, the County, at the sole discretion of the Procurement Management Director, may terminate this Agreement, in whole or in part by giving thirty (30) calendar days written notice beginning on the second day after mailing to the Design-Build Firm. If this Agreement is so terminated, the County shall be liable only for payment required under this Agreement for properly authorized services rendered, or materials, supplies and/or equipment delivered to and accepted by the County prior to the effective date of Agreement termination. The County shall have no other obligation whatsoever to the Design-Build Firm for such termination.

18. COMPLETION

18.1. When the entire Work (or any portion thereof designated in writing by the County) is ready for its intended use, Design-Build Firm shall notify the County and County's Representative in writing that the entire Work (or such designated portion) is Substantially Complete and request that County's Representative issue a Certificate of Substantial Completion (or Certificate of Partial Substantial Completion). Within a reasonable time thereafter, the County, Design-Build Firm and County's Representative shall perform an inspection of the Work (or designated portion thereof) to determine the status of completion. If the County and County's Representative do not consider the Work (or designated portion) Substantially Complete, County's Representative shall notify Design-Build Firm in writing giving the reasons therefor. If the County and County's Representative consider the Work (or designated portion) Substantially Complete, County's Representative shall prepare and deliver to Design-Build Firm a Certificate of Substantial Completion (or Certificate of Partial Substantial Completion) which shall fix the date of Substantial Completion for the entire Work (or designated portion thereof) and include a tentative punch list of items to be completed or corrected by Design-Build Firm before final payment. The County shall have the right to exclude Design-Build Firm from the Work and Project Site (or designated portion thereof) after the date of Substantial Completion, but the County shall allow Design-Build Firm reasonable access to complete

or correct items on the tentative punch list. The risk of loss, injury, or destruction of the Project and Work performed thereon shall be on the Design-Build Firm until the Certificate of Substantial Completion (or Partial Substantial Completion) is approved by the County's Representative. Title to the Project and Work shall pass to the County when the Certificate of Substantial Completion (or Partial Substantial Completion) is approved by the County's Representative.

18.2. Upon receipt of written certification by Design-Build Firm that the Work is completed in accordance with the Contract Documents and is ready for final inspection and acceptance and upon receipt of a final application for payment, County's Representative will make such inspection and, if he/she finds the Work acceptable and fully performed under the Contract Documents, he/she shall promptly issue a final Certificate for Payment, recommending that, on the basis of his/her observations and inspections, and the Design-Build Firm's certification that the Work has been completed in accordance with the terms and conditions of the Contract Documents, that the entire balance found to be due Design-Build Firm is due and payable. Neither the final payment nor the retainage shall become due and payable until Design-Build Firm submits: (1) consent of Surety to final payment, (2) if required by the County, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by the County, and (3) all required as-builts, Shop Drawings, and other submittals. The County reserves the right to inspect the Work and make an independent determination as to the Work's acceptability, even though the County's Representative may have issued his/her recommendations. Unless and until the County is completely satisfied, neither the final payment nor the retainage shall become due and payable.

18.3. Prior to final payment, the County's Representative may request the Design-Build Firm to permit the use of a specified part of the Project which the County believes it may use without significant interference with construction of the other parts of the Project. If the Design-Build Firm agrees, he will certify to the County's Representative that said part of the Project is Substantially Complete and request the County's Representative to issue a Certificate of Substantial Completion for that part of the Project. Within fourteen (14) days thereafter, the County's Representative and the Design-Build Firm will make an inspection of that part of the Project to determine its status of completion. If the County considers that part of the Project to be Substantially Complete, the County's Representative will deliver to the Design-Build Firm a certificate to that effect, fixing the date of Substantial Completion as to that part of the Project, and listing the punch list of items to be completed or corrected before final payment and fixing the responsibility between the County and the Design-Build Firm for maintenance, heat and utilities as to that part of the Project. The County shall have the right to exclude the Design-Build Firm from any part of the Project which is so certified to be Substantially Complete but the County will allow the Design-Build Firm reasonable access to complete or correct items on the punch list.

18.4. Upon Final Completion of the Project, the County's project manager shall prepare a Design-Build Firm Performance Evaluation and forward it to the Design-Build Firm for review, comment and signature.

18.5. Upon receipt of the Design-Build Firm Performance Evaluation, the Design-Build Firm has seven (7) days to review, comment, sign and return the form to the County. If the evaluation has not been received back from the Design-Build Firm within the allotted days, the County will assume the Design-Build Firm fully agrees with and has no comments with respect to the evaluation. The evaluation will then be placed on file with the County's Department of Procurement Management.

19. WARRANTY

19.1. Design-Build Firm shall obtain and assign to the County all express warranties given to Design-Build Firm or any Subcontractors by any materialmen supplying materials, equipment or fixtures to be incorporated into the Project.

19.2. Design-Build Firm warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all Work shall be of good quality, free from all defects and in conformance with the Contract Documents. Design-Build Firm further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, Suppliers or processors except as otherwise provided for in the Contract Documents. If, within one (1) year after Final Completion, any Work is found to be Defective or not in conformance with the Contract Documents, Design-Build Firm shall correct it promptly after receipt of written notice from the County. Design-Build Firm shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those express or implied warranties to which the County is entitled as a matter of law.

19.3. The Design-Build Firm warrants and guarantees that title to all Work, materials and equipment covered by an application for progress payment, whether incorporated in the Project or not, will be passed to the County prior to the next application for progress payment, free and clear of all liens, claims, security interest and encumbrances; and that no Work, materials or equipment covered by an Application for Payment will have been acquired by the Design-Build Firm or by any other person performing the Work at the site or furnishing materials and equipment for the Project subject to an agreement under which an interest therein or encumbrance thereon is retained by the seller or otherwise imposed by the Design-Build Firm or such other person.

20. TESTS AND INSPECTIONS

20.1. The County, County's Representative, their respective representatives, agents and employees, and governmental agencies with jurisdiction over the Project shall have access at all times to the Work, whether the Work is being performed on or off of the Project Site, for their observation, inspection and testing. Design-Build Firm shall provide proper, safe conditions for such access. Design-Build Firm shall provide County's Representative with a minimum of 48 hours' notice for all required inspections, tests or approvals.

20.2. If the Contract Documents or any codes, Laws and Regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Design-Build Firm shall assume full responsibility therefore, pay all costs in connection therewith and furnish County's Representative the required certificates of inspection, testing or approval. When any portion of the Work subject to inspection or test is ready for such, the Design-Build Firm shall provide the County's Representative a minimum of forty-eight (48) hours' notice prior to the inspection or testing, except as otherwise provided in the Contract Documents. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County's Representative and the County. Testing and inspections shall be conducted in accordance with the Design Criteria Package.

20.3. If any Work that is to be inspected, tested or approved is covered without written concurrence from the County's Representative, such Work must, if requested by County's Representative, be uncovered for observation or fully re-performed per the Design Criteria Package. Such uncovering shall be at Design-Build Firm's expense unless Design-Build Firm has given County's Representative a minimum of 48 hours' notice of Design-Build Firm's intention to cover the same and County's Representative has not acted with reasonable promptness to respond to such notice. If any Work is covered contrary to written directions from County's Representative, such Work must, if requested by County's Representative, be uncovered for County's Representative's observation and be replaced at Design-Build Firm's sole expense.

20.4. The County shall charge to Design-Build Firm and may deduct from any payments due Design-Build Firm all engineering and inspection expenses incurred by the County in connection with any overtime Work. Such overtime Work consisting of any Work during the Construction period beyond the regular eight (8) hour day and for any Work performed on Saturday, Sunday or holidays recognized by Lee County, Florida.

20.5. Project field testing of materials required by the specifications or the County's Representative shall be provided by and at the expense of the County. The Design-Build Firm shall coordinate and schedule the required testing. The Design-Build Firm shall pay for all retests when the initial test result reveals that the materials failed to meet the requirements of the specifications. The Design-Build Firm shall notify County's Representative seven (7) days prior to conducting any test so County's Representative may be present. County's Representative shall have the right to require all materials to be submitted to tests prior to incorporation in the Work. In some instances, it may be

expedient to perform these tests at the source of supply, and for this reason, it is required that the Design-Build Firm furnish County's Representative with the information concerning the location of his source before incorporating material into the Work. This does not in any way obligate County's Representative to perform tests for acceptance of material and does not relieve the Design-Build Firm of his responsibility to furnish satisfactory material. The Design-Build Firm shall furnish manufacturer's certificates of compliance with these specifications covering manufactured items incorporated in the Work.

20.6. Neither observations nor other actions by County's Representative nor inspections, tests or approvals by others shall relieve Design-Build Firm from Design-Build Firm's obligations to perform the Work in accordance with the Contract Documents.

21. DEFECTIVE WORK

21.1. Work not conforming to the requirements of the Contract Documents in the sole judgment of the County's Representative shall be deemed Defective Work. If required by the County or County's Representative, Design-Build Firm shall, as directed, either correct all Defective Work, whether or not fabricated, installed or completed, or if the Defective Work has been rejected by the County or County's Representative, remove it from the Site and replace it with conforming Work. Design-Build Firm shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold the County harmless for same.

21.2. If the County or County's Representative consider it necessary or advisable that covered Work be observed by County's Representative or inspected or tested by others, Design-Build Firm, at the County's or County's Representative's request, shall uncover, expose or otherwise make available for observation, inspection or tests as the County or County's Representative may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is Defective, Design-Build Firm shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and the County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such Work is not found to be Defective, Design-Build Firm shall be allowed an increase in the Contract Amount and/or an extension to the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

21.3. If any portion of the Work is Defective, or Design-Build Firm fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the Work in such a way that the completed Work will conform to the Contract Documents, the County or County's Representative may order Design-Build Firm to stop the Work, or any portion thereof, until the cause for such stop in the Work has been eliminated; however, this right of the County and County's Representative to stop the Work shall not

give rise to any duty on the part of the County or County's Representative to exercise this right for the benefit of Design-Build Firm or any other party.

21.4. Should the County determine, in its sole opinion, that it is in the County's best interest to accept Defective Work, the County may do so. Design-Build Firm shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept Defective Work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such Defective Work, incorporating the necessary revisions in the Contract Documents and reflecting an appropriate decrease in the Contract Amount. If the County accepts such Defective Work after final payment, Design-Build Firm shall promptly pay the County an appropriate amount to adequately compensate the County for its acceptance of the Defective Work.

21.5. If Design-Build Firm fails, within a reasonable time after the written notice from the County or County's Representative, to correct Defective Work or to remove and replace rejected Defective Work as required by County's Representative or the County, or if Design-Build Firm fails to perform the Work in accordance with the Contract Documents, or if Design-Build Firm fails to comply with any of the provisions of the Contract Documents, the County may, after seven (7) days' written notice to Design-Build Firm, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, the County may exclude Design-Build Firm from any or all of the Project Site, take possession of all or any part of the Work, and suspend Design-Build Firm's services related thereto, take possession of Design-Build Firm's tools, appliances, construction equipment and machinery at the Project Site and incorporate in the Work all materials and equipment stored at the Project Site or for which the County has paid Design-Build Firm but which are stored elsewhere. Design-Build Firm shall allow the County, County's Representative and their respective representatives, agents, and employees such access to the Project Site as may be necessary to enable the County to exercise the rights and remedies under this paragraph. All direct, indirect and consequential costs of the County in exercising such rights and remedies shall be charged against Design-Build Firm, and a Change Order shall be issued, incorporating the necessary revisions to the Contract Documents, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court costs and all costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of Design-Build Firm's Defective Work. At the discretion of the County, Design-Build Firm may not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by the County of the County's rights and remedies hereunder.

22. SUPERVISION AND SUPERINTENDENTS

22.1. Design-Build Firm shall plan, organize, supervise, schedule, monitor, direct and control the Work competently and efficiently, devoting such attention thereto and

applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Design-Build Firm shall be responsible to see that the finished Work complies accurately with the Contract Documents. Design-Build Firm shall keep on the Work at all times during its progress a competent resident superintendent, who shall not be replaced without prior written notice to County except under extraordinary circumstances. The superintendent shall be Design-Build Firm's representative at the Project Site and shall have authority to act on behalf of Design-Build Firm. All communications given to the superintendent shall be as binding as if given to the Design-Build Firm. County shall have the right to direct Design-Build Firm to remove and replace its Project superintendent, with or without cause.

23. PROTECTION OF WORK

23.1. Design-Build Firm shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Design-Build Firm or any one for whom Design-Build Firm is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or the County's separate contractors, Design-Build Firm shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Design-Build Firm.

23.2. Design-Build Firm shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Design-Build Firm subject any part of the Work or adjacent property to stresses or pressures that will endanger said Work or property.

23.3. Design-Build Firm shall not disturb any benchmark established by the County's Representative with respect to the Project. If Design-Build Firm, or its Subcontractors, agents or anyone for whom Design-Build Firm is legally liable, disturbs the County's Representative's benchmarks, Design-Build Firm shall immediately notify the County and County's Representative. The County's Representative shall reestablish the benchmarks and Design-Build Firm shall be liable for all costs incurred by the County associated therewith.

24. EMERGENCIES

24.1. In the event of an emergency affecting the safety or protection of persons or the Work or property at the Project Site or adjacent thereto, Design-Build Firm, without special instruction or authorization from the County's Representative, is obligated to act to prevent threatened damage, injury or loss. Additionally, in the event of a pending tropical depression, tropical storm, and/or hurricane, the Design-Build Firm will ensure that the Job Site will be made as safe and secure as possible to prevent damage to life and property. Design-Build Firm shall give County written notice within forty-eight (48) hours after the occurrence of the emergency, if Design-Build Firm believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby. If the County determines that a change in the Contract

Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations. If Design-Build Firm fails to provide the forty-eight (48) hour written notice noted above, the Design-Build Firm shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

25. USE OF PREMISES

25.1. The County will furnish, as indicated in the Contract Documents and not later than the date when needed by the Design-Build Firm, the lands which entail the Project Site upon which the Work is to be done, rights-of-way for access thereto, and such other lands which are designated for the use of the Design-Build Firm. The Design-Build Firm shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment unless designated otherwise.

25.2 The Design-Build Firm shall be responsible for staging and storing equipment or materials. Design-Build Firm shall confine all construction equipment, the storage of materials and equipment and the operations of workers to the Project Site and land and areas identified in and permitted by the Contract Documents and other lands and areas permitted by law, rights-of-way, permits and easements, and shall not unreasonably encumber the Project Site with construction equipment or other material or equipment. Design-Build Firm shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the Work.

26. SAFETY

26.1. Design-Build Firm shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. Design-Build Firm shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

26.1.1. All employees on the Work and other persons and/or organizations who may be affected thereby;

26.1.2. All the Work and materials and equipment to be incorporated therein, whether in storage on or off the Project Site; and

26.1.3. Other property on Project Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and any underground structures or improvements not designated for removal, relocation or replacement in the Contract Documents.

26.2.
