1.	On the plans it shows clearing, where is the clearing to be done?
Answer	The clearing quantity is calculated from edge of pavement to the right of way line on the side of the roadway where the sidewalk is proposed along each corridor. Please note the quantities shown on the plans on sheet 2 reflect all five corridors combined. Refer to bid form for the base bid and each individual corridor.
2.	Are the meters to be replaced or just moved?
Answer	Replaced
3.	Are the new meters to be supplied by the County?
Answer	Yes
4.	What is the budget for this project?
Answer	The County anticipates sufficient grant funds for the base bids
5.	Can we get a copy of the MBE/DBE vendors that was discussed in the meeting this morning.
Answer	Please see attached documents.

6.	(On sheet 5 of the plans General Notes # 18) What is the definition for resetting a meter? What is the difference between resetting or relocating a meter?
Answer	In accordance with answers to questions 2 and 3, please account for a full replacement of the meter, meter box, the service line, connection to the existing lines for both supply and house side and all associated work for a complete and functioning installation in accordance with Lee County standard details for a new water meter service connection. Meters themselves are to be supplied by the County.

7.	Can there be a clarification made for the quantity of bid item 102-60? The amount specified in the bid forms seem extremely high.
Answer	<p>The unit for this quantity is “EACH DAY” this is in accordance with FDOTs standard road and bridge specifications and the FDOT Basis of Estimates. This accounts for each device for each estimated day of construction. Please see the links below for additional details.</p> <p>http://www.dot.state.fl.us/programmanagement/Estimates/Default.shtm</p> <p>http://www.dot.state.fl.us/programmanagement/Implemented/SpecBooks/default.shtm</p> <p>Contractor’s MOT plan in accordance with FDOT series 600 indices will require approval.</p>
