**EXECUTIVE SUMMARY:**

The Maintenance Department purchases Heating, Ventilation, Air Conditioning (HVAC) repairs, installations, and maintenance services at various sites throughout the district. Services are necessary to ensure all district equipment is maintained and operating with as little down time as possible. Staff recommends approval to awarded contractors Always Honest Air of Ft. Myers, Florida Johnson Controls Inc. of Tampa, Florida and Page Mechanical Group, Inc. of Ft. Myers, Florida as primary and alternate vendors to ensure a source of supply is readily available to meet the district's needs. All vendors have agreed to renew at the same rates as the 2017-21 school years per the attached tabulation. The estimated annual exposure for the 2021-22 school year is in the amount of \$500,000.00.
