The description of services intended for purchase from a sole source is posted in accordance with section 287.057(3)(c), Florida Statutes and will be posted for a minimum of 15 business days.

Commodity or Service Required:

Water Level and Water Quality Instruments

Description:

Lee County Utilities is seeking to execute a sole source for self-contained submersible data logging instruments. Different products possess the ability to monitor various parameters, such as water level, temperature, and conductivity. Units have internal memory to store data, as well as power. In addition to data loggers, equipment specific accessories are utilized, such as submersible cables, calibration standards, and software. In-Situ brand data loggers and accessories are already installed in the 120+ production wells and 70+ water monitoring stations owned and operated by Lee County Utilities.

Intended Sole Source:

In-Situ, Inc.

Justification for Sole Source Acquisition:

In-Situ, Inc., is the sole manufacturer of its products and does not authorize the sale, repair, maintenance, replacement, or technical support for In-Situ brand data loggers and accessories.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from In-Situ, Inc. for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for future purchase review.
