The description of services intended for purchase from a sole source is posted in accordance with section 287.057(3)(c), Florida Statutes and will be posted for a minimum of 15 business days.

Commodity or Service Required:
Floodplain Management Software

Description:

Lee County Department of Community Development is seeking to execute a sole source for software that allows municipalities to efficiently manage their floodplain management programs, monitor aspects of compliance with the National Flood Insurance Program, consolidates property-level flood risk information to streamline floodplain management, support disaster recovery efforts, educate residents, and streamline activities related to the Community Rating System program. Services needed include but are not limited to software and services, on-boarding, support, license, customization, and consulting & termination.

Intended Sole Source:
Forerunner Industries, Inc.

Justification for Sole Source Acquisition:

Forerunner Industries, Inc. is the sole manufacturer and sole provider of the platform. There are no similar or competing products that produce conclusions from floodplain data and elevation certificates.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Forerunner Industries, Inc. for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for future purchase review.
