The description of services intended for purchase from a sole source is posted in accordance with section 287.057(3)(c), Florida Statutes and will be posted for a minimum of 15 business days.

Commodity or Service Required:

Purchase of Cation/Anion Ion Exchange Resins

Description:

Lee County Utilities is seeking to execute a sole source for shallow shell technology ion exchange resin manufactured by Purolite. These resins are the main component used in the Ion Exchange process at the Green Meadows Water Treatment Plant.

Intended Sole Source:

Purolite an Ecolab Company

Justification for Sole Source Acquisition:

Purolite an Ecolab Company is the sole manufacturer of SSTC60 the proprietary Shallow Shell Technology Resin which is used at the water treatment plants.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Purolite an Ecolab Company for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for future purchase review.
