Commodity or Service Required:

Purchase of Annual Maintenance and Software Upgrades for Centrac's Traffic Monitoring Systems

Description:

Lee County Department of Transportation is seeking to execute a sole source for annual maintenance and software upgrades for the Advanced Traffic Management System operating software that allows the County to remotely monitor and maintain the signal system. All 448 existing traffic signals in Lee County are equipped with Econolite signal controllers which uses Centrac's to monitor these traffic signals. Econolite is the developer of the Centrac's System.

Intended Sole Source:

Econolite Systems, Inc.

Justification for Sole Source Acquisition:

Econolite Systems, Inc. is DOT Traffic's sole provider for signal cabinets, signal controllers, and Advanced Traffic Management Operating software and has been since the 1980's. Econolite does not have any authorized resellers, the software is marketed directly from Econolite.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Econolite Systems, Inc. for supplying the above.
