The description of services intended for purchase from a single source is posted in accordance with section 3.9, Procurement Ordinance 23-21 and will be posted for a minimum of 15 business days.

Commodity or Service Required:

9-1-1 Database and MIS Management System Maintenance

Description:

Lee County Public Safety is seeking to execute a single source for annual maintenance for the Essential Management Solutions 9IMS system. The 9IMS system includes modules that monitor tower locations and call routing; identifies issues with ANI/ALI data anomalies; generate ESRI layers to represent E911 data; provide call statistics that satisfy state reporting requirements.

Intended Single Source:

Essential Management Solutions, LLC

Justification for Single Source Acquisition:

Essential Management Solutions, LLC provides a proprietary system called 9IMS. The 9IMS system is the only system that provides these services, especially those compliance/reporting requirements specific to F.S. 365.171 and FAC60FF-6.005. There are no other known systems that provide a similar suite of services with specificity to the state of Florida's requirements.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Single Source Procurement method to purchase from Essential Management Solutions, LLC for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for review.
