The description of services intended for purchase from a sole source is posted in accordance with section 3.9, Procurement Ordinance 23-21 and will be posted for a minimum of 15 business days.

Commodity or Service Required:

Purchase and Repair of Flyght Submersible Sewage Pumps

Description:

Lee County Utilities is seeking to execute a sole source for purchase and repair of Xylem (Flyght) submersible sewage pumps. These pumps vary in sizes from 3/4 horsepower to 100 horsepower and are located in pump stations throughout the Lee County Wastewater Collections system. We currently have approximately 2,000 of these pumps within the Wastewater Collections system.

Intended Sole Source:

Xylem Water Solutions USA, Inc.

Justification for Sole Source Acquisition:

Xylem Water Solutions USA, Inc. is the only vendor/supplier of Xylem (Flyght) submersible pumps. Xylem is certified to repair, sell, and rebuild Xylem (Flyght) submersible pumps. They also only use Xylem parts for the repair/rebuild of the pumps, which is a cost savings for the County.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Xylem Water Solutions, Inc. for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for review.
