The description of services intended for purchase from a sole source is posted in accordance with section 3.9, Procurement Ordinance 23-21 and will be posted for a minimum of 15 business days.

Commodity or Service Required:

Purchase of Route Priority System for Traffic Signals

Description:

Lee County Department of Transportation is seeking to execute a sole source for a route priority system to safely and efficiently prioritize traffic signal control to address the combined, but disparate needs of the Lee County DOT, Lee County Public Safety, LeeTran, and Lee County Sheriff's Office. Signal prioritization is necessary for Sheriff's Office and Public Safety to safely traverse signalized intersections to reduce response times and resulting in increased safety to the public, while maintaining coordination of the signal system for the traveling public. Signal prioritization for LeeTran is required to minimize dwell times at signalized intersections resulting in increased on-time performance and reliability. Signal priority system for DOT is required to maintain the highest level of efficiency and safety for all road users resulting in reduction of total carbon emission and fuel consumption, improved travel time and reliability to the motoring public, and an overall improvement in safety. Route priority system must be compatible with Econolite Centrac's advanced traffic management system, as all signals are Econolite manufactured.

Intended Sole Source:

Econolite Systems, Inc.

Justification for Sole Source Acquisition:

Econolite Systems, Inc. is the sole manufacturer of the Centrac's advanced traffic management system and the only company that can provide the compatible route priority system.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Econolite Systems, Inc. for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for review.
