The description of services intended for purchase from a single source is posted in accordance with section 3.9, Procurement Ordinance 23-21 and will be posted for a minimum of 15 business days.

Commodity or Service Required:

Out of State Vehicle Registration Owner Lookup

Description:

Lee County Department of Transportation is seeking to execute a single source for registered owner information for unpaid toll transactions incurred by customers with out of state license plates. The vendor needs to have access to all 50 state DMVs as well as the District of Columbia and Canadian provinces. This out of state vehicle registration owner information will be provided automatically through a file transfer process between the Violation Enforcement System and the vendor.

Intended Single Source:

Law Enforcement Systems LLC, a division of Duncan Solutions

Justification for Single Source Acquisition:

Law Enforcement Systems, LLC a division of Duncan Solutions, Inc.'s automated interface and Lee County's Violation Enforcement System have been developed and implemented for 12 years. Duncan Solutions has the ability to query up to five sources for registered owner information and are the only company that have the embedded state-specific DMV logic that LES uses to increase the successful match rate.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Single Source Procurement method to purchase from Law Enforcement Systems LLC, a division of Duncan Solutions for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at jbrewer-dano@leegov.com for review.
