The description of services intended for purchase from a single source is posted in accordance with section 3.9, Procurement Ordinance 23-21, and will be posted for a minimum of 15 business days.

Commodity or Service Required:
Purchase of Quipu eCard and eRenew Services.

Description:
Lee County Library Systems is seeking to execute a single source procurement for services allowing libraries to issue virtual library cards to customers, do verification/determine eligibility of library patrons for the Lee County service area, and renewal of library cards without needing to come into one of our physical locations by The Quipu Group, LLC.

Intended Single Source:
The Quipu Group, LLC

Justification for Single Source Acquisition:
The Quipu Group, LLC is the only vendor that has services for virtual library cards, customer verification, and renewal of cards as its single service, without having to acquire unneeded additional services. The other vendor who offers virtual card services requires a minimum number of service modules be purchased, which we do not need or already have available.

Recommended Procurement Approach:
For the reason(s) stated above, Lee County Procurement Management intends to utilize the Single Source Procurement method to purchase from The Quipu Group for supplying the above.

Respond to:
If your firm feels they have the ability to supply the above, please contact Kevin Walker, Lee County Procurement Management at KWalker2@leegov.com for review.
