The description of services intended for purchase from a sole source is posted in accordance with section 287.057(3)(c), Florida Statutes and will be posted for a minimum of 15 business days.

Commodity or Service Required:
Cummins Replacement Parts for Preventative Maintenance and OEM Parts for Repairs

Description:
Lee County Procurement Management Department is seeking to execute a sole source for all parts for Cummins generators and engines; control and circuit boards; all components associated with Cummins Power Command panels; and services. The departments utilizing this sole source are Facilities Construction & Management, Fleet Management, Lee Tran, Solid Waste, and Utilities.

Intended Sole Source:
Cummins, Inc. dba Cummins Power South, LLC

Justification for Sole Source Acquisition:
Cummins Onan parts and equipment are proprietary. Cummins, Inc. dba Cummins Power South, LLC uses proprietary tools and software to diagnose and repair Cummins products. The County has 162 Cummins units that require service repairs and preventive maintenance. This involves an array of different parts to keep all the units running for reliability. There are programming services associated with Cummins panels, which are proprietary equipment that can only be programmed by Cummins technicians.

Recommended Procurement Approach:
For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Cummins, Inc. dba Cummins Power South LLC for supplying the above.

Respond to:
If your firm feels they have the ability to supply the above, please contact Jennifer Brewer-Dano, Lee County Procurement Management at KWalker2@leegov.com for future purchase review.
